The Dead Queen of Bohemia Oct 30 2019 A collection of poetry from "the patron saint of literary street urchins" (The New York Times). The Dead Queen of Bohemia is a journey through a life lived on the edge. With a poetic style influenced by Gertrude Stein and William Burroughs, this collection is woven with surrealistic imagery that is both unflinching and dislocating. Jenni Fagan's poetry is raw and tough yet beautiful and tender, and with themes of loss and recovery, hope and defiance, represents a clarion call from a self-taught poet who started writing at the age of seven and so far has not stopped. "Full of desire and guitars and witches" (Sunday Herald), The Dead Queen of Bohemia documents the progression of a voice and a life written over the last twenty years, opening with Fagan's most recent work and including her previous two collections.

A Lullaby to Awaken the Heart Sep 02 2022 A key Dzogchen text—available together with its Tibetan commentaries, including from the fifteenth Karmapa—from a preeminent translator. The Aspiration Prayer of Samantabhadra, one of the most famous and often-recited Dzogchen texts, is at once an entreaty by the primordial buddha, Samantabhadra, that all sentient beings recognize the nature of their minds and thus become buddhas, and also a wake-up call by our own buddha nature itself. This monumental text outlines the profound view of Dzogchen in a

nutshell and, at the same time, provides clear instructions on how to discover the wisdom of a buddha in the very midst of afflictions. In this volume, Karl Brunnhölzl offers translations of three versions of the Aspiration Prayer and accompanies them with translations of the commentaries by Jigmé Lingpa, the Fifteenth Karmapa, and Tsültrim Sangpo. He offers further contextualization with his rich annotation and appendices, which include additional translation from Jigmé Lingpa, Longchenpa, and Patrul Rinpoche. This comprehensive, comprehensible book illuminates this profound text and greatly furthers our understanding of Dzogchen—and of our own nature.

Children's Literature Apr 04 2020 Ever since children have learned to read, there has been children's literature. Children's Literature charts the makings of the Western literary imagination from Aesop's fables to Mother Goose, from Alice's Adventures in Wonderland to Peter Pan, from Where the Wild Things Are to Harry Potter. The only single-volume work to capture the rich and diverse history of children's literature in its full panorama, this extraordinary book reveals why J. R. R. Tolkien, Dr. Seuss, Laura Ingalls Wilder, Beatrix Potter, and many others, despite their divergent styles and subject matter, have all resonated with generations of readers. Children's Literature is an exhilarating quest across centuries, continents, and genres to discover how, and why, we first fall in love with the written word. "Lerer has accomplished something magical. Unlike the many handbooks to children's literature that synopsise, evaluate, or otherwise guide adults in the selection of materials for children, this work presents a true critical history of the genre. . . . Scholarly, erudite, and all but exhaustive, it is also entertaining and accessible. Lerer takes his subject seriously without making it dull."—Library Journal (starred review) "Lerer's history reminds us of the wealth of literature written during the past 2,600 years. . . . With his vast and multidimensional knowledge of literature, he underscores the vital role it plays in forming a child's imagination. We are made, he suggests, by the books we read."—San Francisco Chronicle "There are dazzling chapters on John Locke and Empire, and nonsense, and Darwin, but Lerer's most interesting chapter focuses on girls' fiction. . . . A brilliant series of readings."—Diane Purkiss, Times Literary Supplement
