Part 1: Me, is comprised of Emmy's own story—raw and personal—while Part 2: You tells the stories of others. With genuine curiosity and tenderness,

Fierce Fairytales Sep 21 2021 Poet, writer, and Instagram sensation Nikita Gill returns with a collection of fairytales poetically retold for a new generation of women. Traditional fairytales are rife with cliches and gender stereotypes: beautiful, silent princesses; ugly, jealous, and bitter villainesses; girls who need rescuing; and men who take all the glory. But in this rousing new prose and poetry collection, Nikita Gill gives Once Upon a Time a much-needed modern makeover. Through her gorgeous reimagining of fairytale classics and spellbinding original tales, she dismantles the old-fashioned tropes that have been ingrained in our minds. In this book, gone are the docile women and male saviors.

Instead, lines blur between heroes and villains. You will meet fearless princesses, a new kind of wolf lurking in the concrete jungle, and an independent Gretel who can bring down monsters on her own. Complete with beautifully hand-drawn illustrations by Gill herself, *Fierce Fairytales* is an empowering collection of poems and stories for a new generation.

[Stories and Poems](#) Jan 14 2021 'Hear and attend and listen...' Rudyard Kipling is a supreme master of the short story in English and a poet of brilliant gifts. His energy and inventiveness poured themselves into every kind of tale, from the bleakest of fables to the richest of comedies, and he illuminated every aspect of human behaviour, of which he was a fascinated (and sometimes appalled) observer. This generous selection of stories and poems, first published in the acclaimed Oxford Authors

series, covers the full range of Kipling's career from the youthful volumes that brought him fame as the chronicler of British India, to the bittersweet fruits of age and bereavement in the aftermath of the First World War. It includes stories such as 'The Man who would be King', 'Mrs Bathurst', and 'Mary Postgate', and poems from Barrack-Room Ballads and other collections. In his introduction and notes Daniel Karlin addresses the controversial political engagement of Kipling's art, and the sources of its imaginative power.

Striking Out Apr 16 2021 On a September morning, Bishop Stephen Cottrell said mass in his chapel, kissed his wife goodbye, stepped out of his front door and walked two miles to the nearest station. It was the start of a 700 kilometre pilgrimage to Santiago de Compostela. Choosing the least travelled route across northern Spain, he craved the solitude of the road and felt the small vulnerabilities of not knowing what each day would bring - where meals or a bed would be found - would be beneficial. As a busy diocesan bishop, he looked forward not so much to arriving at the great destination, but to what the journey itself would reveal to him. This is a spiritual diary of that journey, comprising reflections, prayer

poems and evocative images from the road and poetry which Stephen Cottrell has written for many years. Arranged in four sections, each with seven paired reflections and poems, the shape of the book echoes the rhythm of walking and is an intimate and honest account of the profound effect of the age-old tradition of going on pilgrimage.

Familial Animals Apr 04 2020 Paolo Bicchieri's debut poetry collection, Familial Animals, is both haunted and haunting. Haunted by the ghosts of intergenerational trauma, sexual abuse, alcoholism, addiction, and mental illness... these poems search for ways to keep body and soul intact. The speaker is always in motion, both literally and metaphorically, and leads the reader through deceptively familiar landscapes all the while reminding us that nothing is at it seems: danger lurks behind every word. The language of Bicchieri's poetry is almost mystical in nature and transcends the horrors of an ugly reality with a nod to magical realism. so I'm eating a breakfast of black beans and tortillas when the world

stops turning/when the street cracks open/when the wind stills and the blackberries burst/the sun is sheer like xacto... Central to this collection is the exploration of an eating disorder in the context of hauntings. What better way to exorcise ghosts than to become a ghost yourself? If a person becomes small enough, then they can hide from the monsters waiting in the front yard, in the bedroom, in the garden, in the car, just over the horizon. The transformational nature of the poems in this collection also means that Bicchieri's own words become the key out of the locked room into something that might be hope and is certainly redemption.
