The Owner's Manual to the Voice Jan 12 2021 The Owner's Manual to the Voice demystifies the voice, enabling singers and all voice professionals - whether actors, broadcasters, teachers, preachers, lawyers, public speakers- to communicate intelligently with physicians and understand dangers, treatments, vocal hygiene and medical procedures.

YOU: The Owner's Manual (Enhanced Edition) Apr 02 2020 The #1 bestseller that gives YOU complete control over your body and your health. In this updated and expanded edition, America's favorite doctors, Michael Roizen and Mehmet Oz, discuss how YOU actually have control over your genes. Discover how diseases start and how they affect your body—as well as advice on how to prevent and beat conditions that threaten your quality of life. YOU: The Owner's Manual challenges preconceived notions about how the human body works and ages, and takes you on a fascinating grand tour of all your blood-pumping, food-digesting, and numbers-remembering systems and organs—including the heart, brain, lungs, immune system, bones, and sensory organs. There are also 100 questions asked by you, and answered by the experts. For instance, do you know which of the following statements are true? As you increase the amount you exercise, the rewards you gain from it increase as well. If you're not a smoker, you have nothing to worry about when it comes to your lungs. Your immune system always knows the difference between your own cells and enemy invaders. The biggest threat to your arteries is cholesterol. Memory loss is a natural, inevitable part of aging. Stress is the greatest ager, and controlling it changes which of your genes is on. Did you answer "true" for any of the above? Then take a look inside. Complete with exercise tips,

nutritional guidelines, simple lifestyle changes, and alternative approaches, *YOU: The Owner's Manual* debunks myths and gives you an easy, comprehensive, and life-changing How-To plan—as well as great-tasting and calorie-saving recipes—that can help you live a healthier, younger, and better life. Be the best expert on your body!

Breasts: The Owner's Manual Apr 14 2021 A national bestseller! Breast cancer surgeon Dr. Kristi Funk offers a comprehensive and encouraging approach to breast care and breast cancer. Empower yourself with facts and strategies to understand your breasts, reduce your cancer risk, and open your eyes to interventions and treatments. Most women don't want to hear about breast cancer unless they have it and need to make some decisions, but these days news about breast cancer—the number one killer of women ages twenty to fifty-nine—is everywhere. Chances are you know someone who has had it. But did you know that choices you make every day bring you closer to breast cancer—or move you farther away? That there are ways to reduce your risk factors? And that many of the things you've heard regarding the causes of breast cancer are flat-out false? Based on Dr. Kristi Funk's experience as a board-certified breast cancer surgeon, she knows for a fact that women have the power to reduce breast cancer risk in dramatic ways. Many women believe that family history and genetics determine who gets breast cancer, but that's not true for most people. In fact, 87 percent of women diagnosed with breast cancer do not have a single first-degree relative with breast cancer. This book will help you: Learn the breast-health basics that every woman should know Reduce your cancer risk and recurrence risk based on food choices and healthy lifestyle changes backed by rigorous scientific research Understand the controllable and uncontrollable risk factors for breast cancer Outline your medical choices if you're at elevated risk for or are already navigating life with breast cancer There have been few solid guidelines on how to improve your breast health, lower your risk of getting cancer, and make informed medical choices after treatment—until now. With her book available in 10 languages and in more than 30 countries, Dr. Funk is passionate about her mission of educating as many women as possible about what they can do to stop breast cancer before it starts. Praise for *Breasts: The Owner's Manual*: “Dr. Funk writes *Breasts: The Owner's Manual* just like she talks: with conviction, passion, and a laser focus on you.”—Dr. Mehmet Oz, Host of *The Dr. Oz Show* “*Breasts: The Owner's Manual* will become an indispensable and valued guide for women looking to optimize health and minimize breast illness.”—Debu Tripathy, MD, Professor and Chair, Department of Breast Medical Oncology, University of Texas MD Anderson Cancer Center “*Breasts: The Owner's Manual* not only provides a clear path to breast health, but a road that leads straight to your healthiest self. As someone who has faced breast cancer, I suggest you follow it.”—Robin Roberts, Co-anchor, *Good Morning America*

The Millionaire Manual Sep 19 2021 This book presents a refreshingly new method for coaching the individual on accumulating one million dollars or more in the public markets. This uniqueness takes several forms. The first of these is the structure of the book itself. It is divided into four components. These components are Tools, Parts, Assembly and Warranty. In other words, it is set up as an Owners Manual for the individual. By analogy to other Owners Manuals which we have all seen and attempted to read, the Tools are generally things that are not included with a new item that we purchase and are required to assemble. We must either already have them or purchase them before we can begin the assembly process. The Tools section of this book is completely unlike other investment books. A reader can gain more from reading this section of the book than from most full texts on the subject. The Parts and Assembly sections of the book are in reality the how to of making money in the market. Although admittedly of little value without the first section, these areas combine academic theories with practical experience. Art and science are merged with real life examples of how you can make your money work for you. As a reader goes through these pages, his or her mind is transformed into new modes of thought. It is as if a light comes on and it all begins to make sense. The delivery is powerful and enlightening. The book concludes with a warranty section. It is of little value to accumulate assets if you are going to lose them. Insights are given on protecting not

only your investment portfolio but other assets as well. There are full chapters on how to protect the home and auto as well as methods of getting maximum income while reducing taxes. The other area of uniqueness is the detail regarding how an investor must react to bull and bear markets and why they must act in a certain way. Making millions in the market is as much about being able to refrain from certain innate problems that we all possess as investors and converting our natures and subconscious minds in a way that allows us to be successful. Of particular interest are the stories which relate to everything from astro-physics to world history in teaching the reader about the investment world. This moves a rather bland subject from the area of boredom to very interesting reading. A reader will want to read this book again and again and keep it where it can be referred back to. It will be one Owners Manual that will not be locked away in a drawer.

America, the Owner's Manual Aug 31 2022 In 2016, Americans fed up with the political process vented that frustration with their votes. Republicans nominated for president a wealthy businessman and former reality show host best known on the campaign trail for his sharp rhetoric against immigration and foreign trade. Democrats nearly selected a self-described socialist who ran on a populist platform against the influence of big money in politics. While it is not surprising that Americans would channel their frustrations into votes for contenders who pledge to end business as usual, the truth is that we don't have to pin our hopes for greater participation on any one candidate. All of us have a say—if we learn, master and practice the skills of effective citizenship. One of the biggest roadblocks to participation in democracy is the perception that privileged citizens and special interests command the levers of power and that everyday Americans can't fight City Hall. That perception is undoubtedly why a 2015 Pew Charitable Trusts survey found that 74 percent of those Americans surveyed believed that most elected officials didn't care what people like them thought. Graham and Hand intend to change that conventional wisdom by showing citizens how to flex their citizenship muscles. They describe effective citizenship skills and provide tips from civic experts. Even more importantly, they offer numerous examples of everyday Americans who have used their skills to make democracy respond. The reader will see themselves in these examples of citizens who chose to be victorious participants rather than tranquil spectators in the arena of democracy. By the end of the book, you will have new confidence that citizen participation is the lifeblood of America -- and will be ready to make governments work for you, not the other way around.

Fat May 16 2021 This book is more than just the story of a fat woman who managed to win respect and National Championships in the thin-obsessed world of dance. It's more than just a trained researcher's examination of the evidence about weight and health. It's a book about living life in the body that you have now, and making decisions about what you want in the future, and how to get there. Whether you want to change your body, fight for size acceptance, just live your life, or understand and support your fat friends and family, this book provides the insights, aha moments, humor, and hard facts to help.

The Aging Mind Feb 10 2021 No-one approaches aging with enthusiasm. Activities we accomplish easily in our 20s and 30s become more difficult as we grow old but, though change is inevitable, recognising and understanding precisely what is happening to our bodies and minds allows us to continue to manage and enjoy our lives. Patrick Rabbitt is a cognitive gerontologist who has researched physical and mental aging for over 50 years and so can interpret his personal daily experiences of the aging process through a comprehensive understanding of what gerontological research has revealed about how our bodies and brains age, and how these changes affect our everyday experiences and lives. Engagingly written, Professor Rabbitt's book is a fascinating account of why our sensory and cognitive experiences change as we get older, and what these developments mean for our overall physical and emotional well-being. Describing the latest research the book covers the mental changes that affect our daily lives such as those in memory, intelligence, attention, sleep, vision and hearing, taste and smell, touch and balance, anxiety, depression and perception of the passage of time. It also discusses how far we can keep and develop the skills we have mastered over our lifetimes. The book debunks unhelpful myths about the aging process and offers guidance on how we can age better. This is an absorbing account of the aging process from one of the most eminent gerontologists working today. Its warmth and candour make it an engaging and helpful guide for those interested in understanding their own, or their relatives' ageing. Its rigour and comprehensiveness make ideal for students seeking an accessible alternative to standard textbooks on aging and for health professionals working with older people.

The Startup Owner's Manual Jun 28 2022 More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward profitability. It will help you: • Avoid the 9 deadly sins that destroy startups' chances for success • Use the Customer Development method to bring your business idea to life • Incorporate the Business Model Canvas as the organizing principle for startup hypotheses • Identify your customers and determine how to "get, keep and grow" customers profitably • Compute how you'll drive your startup to repeatable, scalable profits. The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or updated product.

Half Sick of Shadows Mar 02 2020 "Laura Sebastian is the next Madeline Miller. . . a fierce, fresh, lyrical tale that will enthrall until the last page."--Kate Quinn, New York Times bestselling author of *The Huntress* A Popsugar Best Summer Read of 2021 A Bibliolifestyle Most Anticipated Summer 2021 Sci-fi and Fantasy Book "Magical, haunting, unique--I haven't been so excited about an Arthur book since I read *The Once and Future King* ."--Tamora Pierce, #1 New York Times bestselling author *The Lady of Shalott* reclaims her story in this bold feminist reimagining of the Arthurian myth from the New York Times bestselling author of *Ash Princess*. Everyone knows the legend. Of Arthur, destined to be a king. Of the beautiful Guinevere, who will betray him with his most loyal knight, Lancelot. Of the bitter sorceress, Morgana, who will turn against them all. But Elaine alone carries the burden of knowing what is to come--for Elaine of Shalott is cursed to see the future. On the mystical isle of Avalon, Elaine runs free and learns of the ancient prophecies surrounding her and her friends--countless possibilities, almost all of them tragic. When their future comes to claim them, Elaine, Guinevere, Lancelot, and Morgana accompany Arthur to take his throne in stifling Camelot, where magic is outlawed, the rules of society chain them, and enemies are everywhere. Yet the most dangerous threats may come from within their own circle. As visions are fulfilled and an inevitable fate closes in, Elaine must decide how far she will go to change destiny--and what she is willing to sacrifice along the way.
