Stolen Childhoods Nov 02 2022 The extraordinary stories of the children interned by the Japanese during the Second World War. When the Japanese entered the war in 1941, some 20,000 British civilians in the European colonies in Asia were rounded up and marched off to concentration camps where they were to remain for three long years. Over 3,000 of them were children. This is the first time their extraordinary experiences of suffering, endurance and bravery have been collected together. **STOLEN CHILDHOODS** offers a window to a forgotten era and explores what happened when that world was brutally and suddenly shattered. Living on what effectively became the frontline of a war, in daily contact with an enemy whose values were totally alien, they witnessed acts of shocking violence. Harrowing, but ultimately uplifting, internment from a child's perspective is a complex - and untold - story. It is a story that features horror, suffering and self-sacrifice, but also celebrates the resilience, adaptability and irrepressibility of the human spirit.

Turkey between Democracy and Authoritarianism Mar 26 2022 Since the 1980 military coup in Turkey, much of the history and politics of the country can be described as a struggle between democracy and authoritarianism. In this accessible account of the country's politics, society and economics, the authors delve into the causes and processes of what has been called a democratic 'backsliding'. In order to explore this, Yeşim Arat and Evket Pamuk, two of Turkey's leading social scientists, focus on the mutual distrust between the secular and Islamist groups. They argue that the attempts by a secular coalition to circumscribe the Islamists in power had a boomerang effect. The Islamists struck back first in self-defence, then in pursuit of authoritarian power. With chapters on urbanization, Kurdish nationalism, women's movements, economic development and foreign relations, this book offers a comprehensive and lively examination of contemporary Turkey and its role on the global stage.

Burning Ambition Dec 23 2021 Burning Ambition explores how young people learn to understand and influence the workings of power and justice in their society. Since 2008, hundreds of secondary schools across Kenya have been targeted with fire by their students. Through an in-depth study of Kenyan secondary students' use of arson, Elizabeth Cooper asks why. With insightful ethnographic analysis, she shows that these young students deploy arson as moral punishment for perceived injustices and arson proves an effective tactic in their politics from below. Drawing from years of research and a rich array of sources, Cooper accounts for how school fires stoke a national conversation about the limited means for ordinary Kenyans, and especially youth, to peacefully influence the governance of their own lives. Further, Cooper argues that Kenyan students' actions challenge the existing complacency with the globalized agenda of "education for all," demonstrating that submissive

The Best Friends in My Life Dec 11 2020 John Young whom we now know is renamed Adam the Lonely joins his extended Family. After a few silent moments, Panther calls out and asks Adam a question. "What does immortal mean?" I answer, "living forever, incorruptible, I suppose." Hamish calls out, "What's that actually mean though." "well, it means our bodies don't decay or rot, we live forever like we do today in eternity." "Then Adam, tell us why down on earth do earthlings bother about all the preaching associated with Gods and Deities? Creating fear over sin and all that other stuff like devils and hell, Purgatory, Limbo and the garbage about Angels and Heaven?" I give a big sigh and say, "Gee you guys the questions seem really dark this morning, what's brought this on?" Panther stares directly into my eyes and says, "We just want to know the truth. You know down on earth animals were not able to talk with an earthling but up here we all speak to each other now that's weird don't you think?" I nod in agreement and say, "You know guys when humans first were established on the earth they had no language to communicate with each other and it was the various sounds made by animals that were taken on board with

humans and they with a more balanced mind were able to take animal sounds and make words from them. So you see all animals gave to earthling the gift of the gab. It didn't take long for earthlings to realise that cats and dogs could manipulate earthlings to be their nanny and that hasn't changed since we came to "The Wilderness Park" we are still your nanny." "Well then pipes up Panther, we can't be that thick after all if it is animals who started off language to help earthlings exist." I nod in agreement.
