The Golden Triangle Jul 30 2020 *The Golden Triangle* Maurice Leblanc - A clock struck half-past six. At that moment the door of one of the houses overlooking the square opened. A man came out, closed the door behind him, crossed the Rue de Chaillot and walked round the open space in front of the museum. It was an officer in khaki. Under his red forage-cap, with its three lines of gold braid, his head was wrapped in a wide linen bandage, which hid his forehead and neck. He was tall and very slenderly built. His right leg ended in a wooden stump with a rubber foot to it. He leant on a stick.

The Green Triangle Oct 21 2019 Opposites attract at L.A.'s largest soup kitchen when a businesswoman falls in love with one of her patrons... Savannah Carrington is too busy for romance. She has a soup kitchen to operate which, thankfully, helps her avoid her socialite mother's attempts to marry her off to some L.A. millionaire. When a patron is attacked, she runs fearlessly down a dark alley to help. Saved by a man who emerges from the shadows, she wants to thank him but he's disappeared. Yosef "Joe" MacArthur, a Green Beret, has gone into hiding. Admiring Savannah from afar, he'll never admit to his growing feelings for her and will stop at nothing to keep her safe. But the White House is making it hard, tearing apart L.A. to award him the highest military honor any soldier could receive. Joe has no time for that, with Savannah still in danger. Hunted by the leader of a notorious drug ring, Joe is faced with an impossible choice: save a city full of innocent civilians or save Savannah. A most unlikely pairing, love shows no limits in this emotional, action-packed, heartfelt story. "Boom!! This is how you write a debut novel." —GOODREADS REVIEW "Props to Rachel for keeping me engaged... so captivating, I could not put the book down!" —SAVVYREADS

Summary of Claire McGowan's The Vanishing Triangle Aug 23 2022 Please note: This is a companion version & not the original book. Sample Book Insights: #1 I grew up in Northern Ireland in the nineties, which was a time of turmoil and change. We were afraid of being shot by the soldiers who crouched in the hedgerows as we walked home, and we were afraid of being bombed by the IRA. #2 The nineties in Ireland were a time of change and struggle. People were trying to prise off the fingers of Church control, and they were struggling with their self-identification as one of the few true Catholic countries left. #3 There were a few brutal murders in Ireland during my childhood that could be linked to the later disappearances. In 1979, Phyllis

Murphy, who was twenty-three, went missing from Newbridge, about thirty miles from Dublin. She was last seen walking to the bus stop wearing jeans and a winter coat, mittens. Her body was found two months later in a forest in Wicklow. #4 There were several unsolved cases in Ireland in the 1980s and 1990s, including the murders of Antoinette Smith and Jastine Valdez. The cases were all similar, with the bodies of the victims wrapped in plastic bags and dumped in bog land.

Erotic Triangles Jun 21 2022 In West Java, Indonesia, all it takes is a woman's voice and a drum beat to make a man get up and dance. Every day, men there—be they students, pedicab drivers, civil servants, or businessmen—breach ordinary standards of decorum and succumb to the rhythm at village ceremonies, weddings, political rallies, and nightclubs. The music the men dance to varies from traditional gong ensembles to the contemporary pop known as dangdut, but they consistently dance with great enthusiasm. In *Erotic Triangles*, Henry Spiller draws on decades of ethnographic research to explore the reasons behind this phenomenon, arguing that Sundanese men use dance to explore and enact contradictions in their gender identities. Framing the three crucial elements of Sundanese dance—the female entertainer, the drumming, and men's sense of freedom—as a triangle, Spiller connects them to a range of other theoretical perspectives, drawing on thinkers from Eve Kosofsky Sedgwick, Lévi-Strauss, and Freud to Euclid. By granting men permission to literally perform their masculinity, Spiller ultimately concludes, dance provides a crucial space for both reinforcing and resisting orthodox gender ideologies.

The Pacific Triangle Oct 13 2021 'The Pacific Triangle' by Sydney Greenbie is a historical travel book. The author's goal is to give the historical approach to the Pacific and its natives; to take the reader upon a journey of over twenty thousand miles around the Pacific. You will come away with a clear impression of the immensity of the Ocean, of the diversity of its natural and human elements, and the splendor and picturesqueness of its make-up.

Work-Family Triangle Synchronization Jan 16 2022 "I need to check with my wife" is a common response of an employee to his manager, emphasizing the tug of war between the employee's spouse and the workplace. The challenges in the fields of work and family have been the focus of researchers for decades. Frameworks for work-family conflict, work-family enrichment, and work-family balance have been put forth in light of the complexity of the interface. Yet the relationship between the three stakeholders managing the interface (manager, employee, and spouse), has not received the attention it deserves. *Work-Family Triangle Synchronization* takes a holistic look into the triangle of forces involved in the conflict: the manager, the employee, and the employee's spouse at home. Using the therapeutic triangle relationship framework, it elaborates on the dynamic of work-family triangles and offers a structured process for designing a psychological contract among the three players. This process is termed work-family triangle synchronization (WFTS). Based on the authors' 20 years of academic research and field experience in the organizational and family domains this book introduces a novel synchronization model, methodology, and compelling tools. Personal anecdotes and stories make the text accessible and understandable, accompanying the reader step by step in the task of developing a synchronized work-family triangle psychological contract, as both a diagnostic and a management tool.

The Devil's Triangle: Eye of the Storm Dec 23 2019 Sam and Callum are still stranded in the parallel world, having been pulled across by the dangerous energy of the Bermuda Triangle. Now they've found Sam's mum they are desperate to find a way home... at any cost. Meanwhile Niamh is convinced that her brother is alive and not dead as the authorities suspect, but she needs to find out what really happened to the boys before her father is convicted of their murder.

The Triangle Trade Aug 31 2020 In 1804, Liverpool was the largest slave trading port in Great Britain, yet her influential traders felt threatened by the success, in Parliament, of the anti-slavery movement. Few in Liverpool condemned the Trade. William King, son of a Liverpool slave trader, sickened by what he experienced aboard a Spanish slaver, was one of the few who did speak out. *Triangle Trade*, set during the dying days of this despicable business, has generational change, moral wickedness, greed, romance, and the fortunes of war woven through the lives of a father and son caught up in the turmoil that preceded the implementation of the British Trade Act of 1807, which would end Britain's involvement in the slave trade. Nineteenth century Liverpool is revived; a city of political conflict and dynamic change, mirrored in its inhabitants. As seen on www.historicalnovels.info

Four Sides of a Triangle Feb 05 2021 Frustrating. Complicated. Arrogant. Words Madeline Perkins uses on a regular basis to describe Robert Swift, CEO of his own company, billionaire playboy who insists he will never settle down, and Madeline's boss. Madeline is responsible for everything Robert doesn't want to deal with, and that list includes everything from scheduling important meetings to dealing with people to escorting his one night stands out the next morning. In other words, he wouldn't survive without her.

However, Madeline is getting bogged down with her mounting responsibilities so Robert hires a personal assistant for his personal assistant. At first, Madeline is resistant to Jewel and what she has to offer but then she realizes she could help Jewel by setting her up with the company heartthrob. After all, Madeline has an impeccable record when it comes to setting people up. However, when Jewel starts falling for Robert himself, Madeline is forced to reevaluate whether meddling in someone else's love life is actually beneficial for them. More than that, Madeline starts to realize that her feelings for Robert aren't completely professional. Now, she must decide if she wants to help Jewel or if she would rather help herself - that is, if she admits she has feelings for Robert in the first place. *Four Sides of a Triangle* is perfect for fans of Jane Austen's *Emma* and *Iron Man* without the superhero storyline

The People Project Triangle Apr 26 2020 *The People Project Triangle* refers to the trade-off between the project, the ongoing business, and the people working in them. Driven by rapid external change, the modern corporation is lean and cost conscious. A consequence is an increasingly common project management situation of a medium important, medium complex business change project that cannot justify a full-time team. Consequently, it is resourced by in-house staff working on the project as homework, meaning in addition to their normal responsibilities. The authors term this a composite project. This book postulates that composite projects are increasingly used to meet the demands of rapid business change. However, they are largely unrecognized as a separate organizational category of project, with particular characteristics, management needs, and risks. *The People Project Triangle* refers to the trade-off between the project, the ongoing business, and the people working in them. When pressure mounts it is often the people who bear the brunt, risking stress and burnout. The authors assert that with better recognition, clearer understanding and appropriate measures, many of the common problems with composite projects can be foreseen and avoided or mitigated.

The Moral Triangle Nov 21 2019 Berlin is home to Europe's largest Palestinian diaspora community and one of the world's largest Israeli diaspora communities. Germany's guilt about the Nazi Holocaust has led to a public disavowal of anti-Semitism and strong support for the Israeli state. Meanwhile, Palestinians in Berlin report experiencing increasing levels of racism and Islamophobia. In *The Moral Triangle* Sa'ed Atshan and Katharina Galor draw on ethnographic fieldwork and interviews with Israelis, Palestinians, and Germans in Berlin to explore these asymmetric relationships in the context of official German policies, public discourse, and the private sphere. They show how these relationships stem from narratives surrounding moral responsibility, the Holocaust, the Israel/Palestine conflict, and Germany's recent welcoming of Middle Eastern refugees. They also point to spaces for activism and solidarity among Germans, Israelis, and Palestinians in Berlin that can help foster restorative justice and account for multiple forms of trauma. Highlighting their interlocutors' experiences, memories, and hopes, Atshan and Galor demonstrate the myriad ways in which migration, trauma, and contemporary state politics are inextricably linked.

[Reclaim the Ice Crown \(Blue Triangle Series #1\)](#) Feb 23 2020 Amidst the cold country of Glacia where evil and corruption continues to grow, a young swordsman named Arth, from the small village of Frostwood, wants nothing more than to help his poor village that's suffering under the hands of the nobles. On his journey, he finds himself entering a rebel guild called Forgotten Winter—a group of talented assassins who has only one goal; to eliminate the source of evil and corruption in the country—that is ... to overthrow the King. But when Arth discovers the game-changing truth about him ... about the King ... about who the real enemy is ... He has to learn how to unleash the hidden power he has within himself, because he's the only one now who can save his country from annihilation.

Teachings from the Sacred Triangle Nov 02 2020 Three forces must come together for a planetary healing to occur ... The concept of the Sacred Triangle was introduced in David Miller's first book, *Connecting with the Arcturians*, which explored the fifth dimension and our relationship to higher Extraterrestrial groups. This new book explains how the Arcturian energy melds with that of the White Brother/Sisterhood and the Ascended Native American Masters to bring about planetary healing. David offers the reader an understanding of the soul, the nature of soul evolution, and how the human species is advancing towards the next evolutionary step. "There will be many of you in this time who will be able to complete fantastic tasks. If I would declare to you what I see, you would be astonished that you could possibly carry out such tasks. You must think that you have the ability to do this. You have the personal power. I ask you to look at the Sacred Triangle and see what role you can play in this. Others will be very interested when you explain this mission. I guarantee you there will be a very strong contingent that will ascend together as we are invited to join you

in the Crystal Temple. We are very eager to meet you there as well. This is Chief White Eagle."

THE TRIANGLE OF TRADE Sep 12 2021 The Triangle of Trade in the Cradle of Civilization interestingly presents Mesopotamia as the supermarket of the ancient world. Although Sumeria was the nerve center for international trade, it had to import most everything from northern Mesopotamia, namely Armenia. Why have not the Armenians claimed their rightful place among the nations of Mesopotamia? The historical maze of humankind is fraught with mysteries, controversies, and inconsistencies.

Demonic Triangle (Doomed Cases Book 1) Apr 07 2021 A missing royal. A love triangle. Can Maxine crack the case before her heart is ripped in two? Maxine Brodeur has spent the past year recovering from a devastating breakup with Prince Arthur -- the realm's future king. She's kept a low profile as a half-human/half-demon, spending her days running "Doomed Cases," a private supernatural agency. After illegally revealing her powers to save a human girl from attack, she gets an ominous letter bearing the royal seal. Rather than being punished, Maxine is hired to find the young, kidnapped Prince George. Back in the secretive life of the royals, she must learn to work alongside sexy detective Zachary Quinton. Her new partner has no respect for the rules, and her ex-lover Arthur is doing everything he can to win her back. Will Maxine find the missing prince quickly or will she cause another royal scandal in the process? Demonic Triangle is a paranormal romance with a dash of suspense. If you like witty dialogue, strong but flawed female leads, and dramatic love triangles, then you'll love the first instalment in the Doomed Cases series by Joanna Mazurkiewicz. Paranormal Romance, royals, demons, witches, wizards, vampires, magic.

Working with Relationship Triangles Apr 19 2022 Virtually all significant relationships are shadowed by a third party-another person, a competing distraction, or even a memory. This groundbreaking book provides clinicians with a hands-on guide to working with many different kinds of relationship triangles in therapy with families, couples, and individuals. The authors show why triangles come into being, how to predict their evolving nature, and how they can be dealt with and resolved in treatment. A wealth of clinical case material and treatment suggestions illustrates how thinking in terms of threes, as well as individuals and dyads, can greatly increase therapeutic flexibility and effectiveness. The paperback edition includes a new series editor's note by Michael P. Nichols.

In A Square Triangle Mar 26 2020 Mariea's dreams are no longer deferred. Mariea has come a long way away from the physical, verbal, and mental abuses that she had gone through. She had gotten to a place where she can now tell others since no one had to consider caring about her situation. From a meager beginning to a personal awareness of her own self-worth and worthiness, she is at a place where she wants to be. She can tell some of the stories that brought her there. So she takes you there.

Bermuda Triangle Legacy Mar 06 2021 Whatever happened to Flight 19?five Navy bombers that vanished on a routine training mission?and the untold numbers of others who have disappeared in the Bermuda Triangle? What can we learn from intrepid adventurers like Christopher Columbus, Charles Lindbergh, and Bruce Gernon?the co-author of this book?who survived frightening encounters in the Triangle and lived to tell the tale? The Fog presents pilot Bruce Gernon's groundbreaking new theory of the Bermuda Triangle, based upon his own firsthand experiences, eyewitness reports from other close-call Triangle survivors, and leading scientific research. Gernon believes that a rare natural phenomenon may be behind many of the seemingly paranormal happenings in the Triangle, causing time distortions, pilot disorientation, and equipment malfunctions. But the notorious Bermuda Triangle hasn't given up all its secrets. The Fog also explores the Triangle's connection to UFOs, a secret navy base, and a possible link to a vanished ancient civilization.

The Triangle Jan 04 2021 DIVThe Linden Triangle: Linden Avenue and Linden Place, Hempstead, Long

Island. At this blighted intersection, seemingly forgotten by the middle and upper class communities that surround it, the dream of suburban comfort and safety has devolved into a nightmare of flying bullets and bloodshed. Here, a war between the Bloods and Crips has torn a once-peaceful neighborhood apart. The book tells the true story of one year in the life of a suburban village-turned-war-zone. Written by Kevin Deutsch, award-winning criminal justice reporter for Newsday, it follows two warring gangs and the anti-violence activists and police desperate to stop them. As the body count climbs and conflict spreads to New York City, young men wielding military grade weaponry wage a prolonged battle over pride, respect, revenge and their legacies. Based on immersive reporting and more than 250 interviews with gang members, their families, drug addicts, police and others, *The Triangle* is the first insider account of a New York Bloods/Crips gang war from the only journalist ever given access to the crews' secretive realm. *Triangle* is a chilling investigation of a world in which teenagers shoot their childhood friends over drug debts; where gang rape is used as a form of retaliation; and once-promising students are molded into cold-blooded assassins. With gang and drug-related violence responsible for as many as half of all non-domestic homicides in the United States, *The Triangle* will make a significant contribution to the national conversation about gangs, chronicling the effects of armed gang conflicts not just on Long Island and New York City but throughout America. /div

[Triangle of Terror](#) Jul 10 2021 **STORMING THE GATES** A secret intelligence task force has unleashed the rogue fury of black ops at the highest reaches of the U.S. Administration. Shrouded in lies, the group has spun its web and baited the President. Its mandate to protect him becomes a smoke screen for an insidious agenda: the overthrow of the American government. Mack Bolan has witnessed the darkest conspiracies at the heart of evil, but this is the ultimate treason. The scheme links the deaths of innocent marines, the razing of an illegal POW camp in Brazil and enough nerve agents to turn Main Street, U.S.A., into a ghost town. As the hours tick down toward anarchy, the Executioner is seeking the clues that will point the guilty finger at the most ruthless traitor in the history of the republic.

The Generalized Triangle Inequalities in Symmetric Spaces and Buildings with Applications to Algebra Nov 14 2021 In this paper the authors apply their results on the geometry of polygons in infinitesimal symmetric spaces and symmetric spaces and buildings to four problems in algebraic group theory. Two of these problems are generalizations of the problems of finding the constraints on the eigenvalues (resp. singular values) of a sum (resp. product) when the eigenvalues (singular values) of each summand (factor) are fixed. The other two problems are related to the nonvanishing of the structure constants of the (spherical) Hecke and representation rings associated with a split reductive algebraic group over \mathbb{Q} and its complex Langlands' dual. The authors give a new proof of the "Saturation Conjecture" for $GL(\ell)$ as a consequence of their solution of the corresponding "saturation problem" for the Hecke structure constants for all split reductive algebraic groups over \mathbb{Q} .

Beyond the Bermuda Triangle Jan 24 2020 I didn't believe in time travel or teleportation until it happened to me. I'm Bruce Gernon, and I flew through the heart of the Bermuda Triangle before I'd even heard the term. Skeptics have dismissed the Triangle as a nonmystery, but they weren't in my airplane when the fog surrounded my craft and I leaped ahead 100 miles. I documented what happened and memorized every detail of that flight. Now I'm ready to explain that there is no Bermuda Triangle! Instead, there is a continuing mystery that has resulted in thousands of disappearances of crafts and loss of life over decades and centuries: a phenomenon I call electronic fog. In *Beyond the Bermuda Triangle*, Rob MacGregor and I present multiple cases of pilots and others who have experienced electronic fog in the air, in the water, and on land. We also examine UFO and USO cases and their possible relationship with space/time warps. Among the fascinating topics we explore: Time travel and teleportation. Lost crafts, including Flight 19. The Dragon's Triangle. The Underwater Area 51. The man who is building a warp drive. A remote viewer who takes on the Triangle.

The Secrets of Triangles Feb 17 2022 Requiring no more than a knowledge of high school mathematics and written in clear and accessible language, this book will give all readers a new insight into some of the most enjoyable and fascinating aspects of geometry. Everyone knows what a triangle is, yet very few people appreciate that the common three-sided figure holds many intriguing "secrets." For example, if a circle is inscribed in any random triangle and then three lines are drawn from the three points of tangency to the opposite vertices of the triangle, these lines will always meet at a common point-no matter what the shape of the triangle. This and many more interesting geometrical properties are revealed in this entertaining and illuminating book about geometry. Flying in the face of the common impression that mathematics is usually dry and intimidating, this book proves that this sometimes-daunting, abstract discipline can be both fun and intellectually stimulating. The authors, two veteran math educators, explore the multitude of surprising relationships connected with triangles and show some clever approaches to constructing triangles using a straightedge and a compass. Readers will learn how they can improve their problem-solving skills by performing these triangle constructions. The lines, points, and circles related to triangles harbor countless surprising relationships that are presented here in a very engaging fashion.

Summary of Lilly Singh's Be a Triangle Jul 22 2022 Please note: This is a companion version & not the original book. *Sample Book Insights:* #1 I have gone on the journey of figuring out how to make life less sucky, and I have written this book to share with you the lessons I have learned. I was not taught in school or at work the importance of self-love, positive self-talk, happiness, or personal growth. #2 The lack of value placed on mental health, and all things associated with it, during my childhood has finally caught up to me. I didn't know it then, but I know now that living a fulfilling and happy life is more important than all of the things you learn in school. #3 I believe that living your best life is an act of service. To give your best, you must be the best version of yourself. And you are not the best version of yourself if you are unhappy or unfulfilled. #4 We must create a foundation like a triangle. That way, we can continue to grow and move through life without losing who we are. We must create a place, a system of beliefs, and a simple set of priorities to come back to should life lead us astray.
