Bitter Chocolate Jun 06 2020 A book that challenges our notions of family honour and morality Sometime, somewhere, the conspiracy of silence around Child Sexual Abuse (CSA) in Indian homes had to be shattered. This path-breaking book "the first of its kind in the country and subcontinent" attempts to give that sexually abused child a powerful voice. It provides damning disclosures about men, and some women, in middle and upper-class families who sexually abuse their children, then silence them into submission. Based on studies, reports and investigation, this book reveals that a minimum of twenty per cent of girls and boys under the age of sixteen are regularly being sexually abused; half of them in their own homes, by adults who have the child's trust. In Bitter Chocolate, journalist and best-selling author Pinki Virani travels across the country to record the testimonies of the police, doctors, child psychologists, mental health professionals, social workers, lawyers and the traumatized victims themselves. The book opens with an account "brave and devoid of self-pity" of the author's own experience. Going beyond blaming, Pinki Virani then proceeds with her insightful analysis of the issue in three notebooks. The first spells out what constitutes CSA, why and how this happens, its devastating after-effects which haunt the victims as they grow into adulthood. The second notebook describes these effects through two real-life stories of women who were betrayed as children by men of their family. The third provides practical solutions on how to counter CSA, including a framework involving the law, the parent and their child. A special chapter addresses adults who have never before disclosed their sexual abuse as children. Plus: a nationally coordinated helpline. Accessible yet comprehensive, Bitter Chocolate is written for the young parent and guardian, principal and teacher, judge and police, lawyer and public prosecutor, teenager and tomorrow's citizen.

The Chocolate Log Mar 04 2020 The *Chocolate Log* has been a comfort and joy to come to over the years. The love Cheryl puts into her food and the joy and laughter served in many forms warms the heart in the cold hills. The taste of home like it was in the good old days when a warm hearth meant something was baking. - Rocky Singh, Anchor, Award winning series *Highway on My Plate*, NDTV Goodtimes. The *Chocolate Log* is the story of Cheryl Kumar Templeton, a schoolteacher, and her husband Allan, an Indian Air Force fighter pilot, who gave up their secure comfortable careers to start a new life in Mcleodganj, a suburb situated in the foothills of the Himalayas, which Cheryl describes as 'a microcosm of the whole world'. It was here that a new dream unfolded, and in its wake was born *The Chocolate Log*, a patisserie and café they have run for twenty-four years, and continue to do so till today. She writes with sympathy and affection of the local people - the Himachalis, the Tibetans, the Gaddis; of the people who slipped in and out of their lives: some of whom returned again and again to their 'karmic mountain', a destination for the soul; others who have stayed on in their memories: the idealists, the visitors who became soul friends, the eccentrics, the loonies. She generously shares with readers the recipes of a few of her many popular offerings - brown bread, chicken quiche, chocolate cake, lemon tarts, apple pie and even the special train cake she made for her granddaughter's first birthday - which have gained her mention in the *New York Times*, *Lonely Planet*, *Frommer's*, *The Rough Guide*, *Footprints* and other multi-language travel guides. But this book is not only about recipes or running a café. She speaks of the years of slogging through eighteen-hour days; months of no business and no income; of arguments, fights, frustrations, and fatigue. Of heartbreak when her granddaughter was born; of ups and downs, but also of victories - *The Chocolate Log*, *The Cheryton Cottage Guest House*, and *Wine Oaks*, where wines are made according to her grandfather's recipes. In Cheryl's words, 'This is my story of imagination, successes, disappointments, struggle, pain, criticism, appreciation, but, most of all of magic! At the end of the day, and at the end of my story, I can only say - IT WAS WORTH IT ALL!'

Terrier-centric Dog Training Nov 11 2020 All kinds of dogs have a number of hard-wired traits bred into them. Hounds love to follow their noses, Retrievers love to fetch and Herding dogs love to herd. With few exceptions, these are pretty harmless activities and don't stand in the way of training. Terriers, however, were bred to hunt and kill vermin independently, digging underground and barking excitedly, almost impervious to pain. Let's see...just a few challenges to overcome in training: strong prey drive, independence, feistiness, digging, barking, the list goes on. In *Terrier-Centric Dog Training*, author Dawn Antoniak-Mitchell takes up the challenge to help terrier owners train their dogs by making sure they understand the instincts bred into terriers and what the most effective training and management techniques are to use when working with a "natural born killer." You can train your terrier, but just don't let him loose off-leash in a park full of squirrels!
