Mean Streets Dec 01 2019 Four bestselling fantasy authors present a collection of novellas about dark nights, cruel cities, and paranormal P.I.s—featuring Harry Dresden, John Taylor, Harper Blaine, and Remy Chandler. #1 New York Times bestselling author Jim Butcher delivers a story in which Harry Dresden—Chicago's only professional wizard—tries to protect a friend from danger and ends up becoming a target himself... John Taylor is the best PI in the secret heart of London known as The Nightside. He can find anything. But locating the lost memory of a desperate woman may be his undoing in a thrilling noir tale from New York Times bestselling author Simon R. Green... National bestselling author Kat Richardson's Greywalker finds herself in too deep when a job in Mexico goes awry, and Harper Blaine is enmeshed in a tangle of dark family secrets and revenge from beyond the grave... An ancient being that lived among humanity for centuries is dead, and fallen angel-turned-Boston detective Remy Chandler has been hired to find out who—or what—murdered him in a whodunit by national bestselling author Thomas E. Sniegoski...

Donald Creighton Feb 24 2022 A member of the same intellectual generation as Harold Innis, Northrop Frye, and George Grant, Donald Creighton (1902–1979) was English Canada's first great historian. The author of eleven books, including The Commercial Empire of the St. Lawrence and a two-volume biography of John A. Macdonald, Creighton wrote history as if it "had happened," he said, "the day before yesterday." And as a public intellectual, he advised the prime minister of Canada, the premier of Ontario, and – at least on one occasion – the British government. Yet he was, as Donald Wright shows, also profoundly out of step with his times. As the nation was re-imagined along bilingual and later multicultural lines in the 1960s and 1970s, Creighton defended a British definition of Canada at the same time as he began to fear that he would be remembered only "as a pessimist, a bigot, and a violent Tory partisan." Through his virtuoso research into Creighton's own voluminous papers, Wright paints a sensitive portrait of a brilliant but difficult man. Ultimately, Donald Creighton captures the twentieth-century transformation of English Canada through the life and times of one of its leading intellectuals.

Jim Butcher's The Dresden Files: Down Town Collection Dec 13 2020 Chicago wizard-for-hire Harry Dresden and his new apprentice, Molly Carpenter, intend to end the havoc caused by a mad sorcerer — one whose ambitions would have the Windy City streets carved out as his own private kingdom. But when the magical upstart enters into an alliance with the notorious mob boss "Gentleman Johnnie" Marcone, will the fast-and-loose Dresden and his young charge survive unscathed? This

graphic novel collects the critically acclaimed, six-issue series in one volume, and features a bonus section with Jim Butcher's original story outline, sketchbook artwork from Carlos Gomez, cover gallery with roughs from Stjepan Sejic, and more!

To Hanoi and Back Mar 16 2021

The Gift of the Magi May 30 2022 *The Gift of the Magi* is a treasured short story written by O. Henry. A young and very much in love couple can barely afford their one-room apartment, let alone the extra expense of getting Christmas presents for one another. But each is determined to show their love for the other in this traditional time of giving; each sells a thing they hold most dear in order to afford a present, with poignant and touching results that capture their love for one another.

Ebony Sep 02 2022 *EBONY* is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

Corporate Insolvency Laws in Abandoned Housing Projects : Issues and Prospects (UUM Press) Aug 09 2020 This book discusses the provisions and legal principles under the Insolvency Law in Malaysia in face of the issue of abandoned housing projects and its rehabilitation. Apart from the Malaysian Insolvency Law, this book also analyses comparatively between the insolvency legal provisions and legal principles under the United Kingdom and Singapore Insolvency Laws. The approach of this book is by way of legal analyses over the relevant insolvency legal provisions in Malaysia, the United Kingdom and the Republic of Singapore. The discussion is further enriched and collaborated by the case studies conducted over several abandoned housing projects in Malaysia that have been subject to the insolvency administration. In addition, the author also provides relevant official statistics and reports of abandoned housing projects and numerous examples of abandoned housing project cases illustrating the diverse problems, complications, issues and grievances. The outcome and proposals of this book will be beneficial to the legal practitioners, judicial and legal services, insolvency practitioners, housing developers, financial institutions, contractors, housing consultants, technical agencies, land and state authorities, purchasers of units in abandoned housing projects, consumers' associations, relevant private and government agencies and Federal and States Ministries, students and policy makers in the insolvency legal administration in Malaysia, particularly for those who are directly involved in abandoned housing projects and its rehabilitation in Malaysia.

Boston Confronts Jim Crow, 1890-1920 Sep 29 2019 Discusses how activists in Boston upheld their anti-slavery tradition and promoted an equal rights agenda during the years between 1890 and 1920, a period in which African-Americans throughout the country were being deprived of civil and political justice.

Blood Rites Jun 18 2021 In this novel in the #1 New York Times bestselling *Dresden Files*, Chicago's only professional wizard takes on a case for a vampire and becomes the prime suspect in a series of ghastly murders. Harry Dresden has had worse assignments than going undercover on the set of an adult film. Like fleeing a burning building full of enraged demon-monkeys, for instance. Or going toe-to-leaf with a walking plant monster. Still, there's something more troubling than usual about his newest case. The film's producer believes he's the target of a sinister curse—but it's the women around him who are dying, in increasingly spectacular ways. Harry's doubly frustrated because he only got involved with this bizarre mystery as a favor to Thomas—his flirtatious, self-absorbed vampire acquaintance of dubious integrity. Thomas has a personal stake in the case Harry can't quite figure out, until his investigation leads him straight to the vampire's oversexed, bite-happy family. Now, Harry's about to discover that Thomas' family tree has been hiding a shocking secret: a revelation that will change Harry's life forever.

Small Favor Oct 23 2021 In this novel in Jim Butcher's #1 New York Times bestselling series, an old debt puts Chicago wizard Harry Dresden in harms way... Harry's life finally seems to be calming down. The White Council's war with the vampiric Red Court is easing up, no one's tried to kill him lately, and his eager apprentice is starting to learn real magic. For once, the future looks fairly bright. But the past casts one hell of a long shadow. Mab, monarch of the Sidhe Winter Court, calls in an old favor from Harry. Just one small favor he can't refuse...one that will trap Harry Dresden between a nightmarish foe and an equally deadly ally, and one that will strain his skills—and loyalties—to their very limits. And everything was going so well for once...

Ghoul Goblin Jul 20 2021 Harry Dresden, a Chicago private investigator and wizard, heads to a small, isolated Missouri town terrorized by Nevernever monsters.

By Executive Order Dec 25 2021 How the executive branch—not the president alone—formulates executive orders, and how this process constrains the chief executive's ability to act unilaterally The president of the United States is commonly thought to wield extraordinary personal power through the issuance of executive orders. In fact, the vast majority of such orders are proposed by federal agencies and shaped by negotiations that span the executive branch. *By Executive Order* provides the first comprehensive look at how presidential directives are written—and by whom. In this eye-opening book, Andrew Rudalevige examines more than five hundred executive orders from the 1930s to today—as well as more than two hundred others negotiated but never issued—shedding vital new light on the multilateral process of drafting supposedly unilateral directives. He draws on a wealth of archival evidence from the Office of Management and Budget and presidential libraries as well as original interviews to show how the crafting of orders requires widespread consultation and compromise with a formidable bureaucracy. Rudalevige explains the key role of management in the presidential skill set, detailing how bureaucratic resistance can stall and even prevent actions the chief executive desires, and how presidents must bargain with the bureaucracy even when they seek to act unilaterally. Challenging popular conceptions about the scope of presidential power, *By Executive Order* reveals how the executive branch holds the power to both enact and constrain the president's will.

Pharma Oct 11 2020 "Exorbitant prices for lifesaving drugs, safety recalls affecting tens of millions of Americans, and soaring rates of addiction and overdose on prescription opioids have caused many to lose faith in pharmaceutical companies. Now,

Americans are demanding national reckoning with a monolithic industry. In *Pharma*, award-winning journalist and New York Times best-selling author Gerald Posner uncovers the real story of the Sacklers, the family that became one of America's wealthiest from the success of OxyContin, their blockbuster narcotic painkiller at the center of the opioid crisis. The unexpected twists and turns of the Sackler family saga are told against the startling chronicle of a powerful industry that sits at the intersection of public health and profits. *Pharma* reveals how and why American drug companies have put earnings ahead of patients"--

Curating the American Past Jan 14 2021 "In *Curating the American Past*, Pete Daniel takes readers behind the "Staff Only" door at the Smithsonian's National Museum of American History to reveal how curators collect objects, plan exhibits, navigate public-sector politics, and bring alive the events, characters, and concepts that define our shared history"--

SunSoft Solaris 2. for Managers and Administrators* Feb 12 2021 An essential guide to Solaris 2.0, SunSoft's new UNIX-based operating system. Just for administrators--includes discussions of installation, system configuration, security, and utilities, and a comprehensive description of the most commonly used commands.

Turn Coat Mar 28 2022 Accused of treason against the Wizards of the White Council, Warden Morgan goes in search of Harry Dresden in a desperate attempt to clear his name and stop the deadly punishment from taking place in this latest thrilling addition to the Dresden Files series.

Fool Moon Nov 04 2022 "One of the most enjoyable marriages of the fantasy and mystery genres on the shelves," (Cinescape) the Dresden Files have become synonymous with action-packed urban fantasy and nonstop fun. *Fool Moon* continues the adventures of Jim Butcher's most famous—and infamous—reluctant hero... You'd think there'd be a little more action for the only professional wizard listed in the Chicago phone book. But lately, Harry Dresden hasn't been able to dredge up any kind of work: magical, mundane, or menial. Just when it looks like he can't afford his next meal, a murder comes along that requires his particular brand of supernatural expertise. There's a brutally mutilated corpse, and monstrous animal markings at the scene. Not to mention that the killing took place on the night of a full moon. Harry knows exactly where this case is headed. Take three guesses—and the first two don't count...

White Night Apr 16 2021 Assigned to investigate a series of deaths of magic practitioners, all of whom lacked the ability to become full-fledged wizards, professional Chicago wizard Harry Dresden is shocked when the evidence points to his half-brother Thomas as the killer, until he uncovers a conspiracy within the White Council of Wizards that threatens both him and his family. 100,000 first printing.

They Saved the Crops Sep 21 2021 At the outset of World War II, California agriculture seemed to be on the cusp of change. Many Californians, reacting to the ravages of the Great Depression, called for a radical reorientation of the highly exploitative labor relations that had allowed the state to become such a productive farming frontier. But with the importation of the first braceros—"guest workers" from Mexico hired on an "emergency" basis after the United States entered the war—an even more intense struggle ensued over how agriculture would be conducted in the state. Esteemed geographer Don Mitchell argues that by delineating the need for cheap, flexible farm labor as a problem and solving it via the importation of relatively disempowered migrant workers, an alliance of growers and government actors committed the United States to an agricultural system that is, in important respects, still with us. *They Saved the Crops* is a theoretically rich and stylistically innovative account of grower rapaciousness, worker militancy, rampant corruption, and bureaucratic bias. Mitchell shows that growers, workers, and officials confronted a series of problems that shaped—and were shaped by—the landscape itself. For growers, the problem was finding the right kind of labor at the right price at the right time. Workers struggled for survival and attempted to win power in the face of economic exploitation and unremitting violence. Bureaucrats tried to harness political power to meet the demands of, as one put it, "the people whom we serve." Drawing on a deep well of empirical materials from archives up and down the state, Mitchell's account promises to be the definitive book about California agriculture in the turbulent decades of the mid-twentieth century.

Ebony Jan 26 2022 EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

The Dresden Files Collection 1-6 Oct 03 2022 The first six novels featuring Harry Dresden—Chicago's only professional wizard—are a perfect introduction to the # 1 New York Times bestselling series that Entertainment Weekly describes as "Buffy the Vampire Slayer starring Philip Marlowe." **STORM FRONT FOOL MOON GRAVE PERIL SUMMER KNIGHT DEATH MASKS BLOOD RITES**

Ethics and Professionalism in Engineering Jan 02 2020 The rapid pace of technological change constantly gives rise to new ethical dilemmas, and engineers must be as well versed in societal values and ethics as they are in the technical concepts of their disciplines. *Ethics and Professionalism in Engineering* provides a practical introduction for engineering students that emphasizes ethical decision-making. McCuen and Gilroy situate engineering ethics in the wider context of business and environmental ethics and guide students through case studies emphasizing value conflicts often encountered in engineering.

Gone from the Promised Land Aug 28 2019 If we are to learn anything of value from the murders and mass suicide at Jonestown, its history must be salvaged from popular myths, which are little more than superficial atrocity tales. In this superb cultural history, John R. Hall presents a reasoned analysis of the meaning of Jonestown: why it happened and how it is tied to our history as a nation, our ideals, our practices, and the tensions of modern culture. Hall de-ates the myths of Jonestown by exploring the social character of Jim Jones's Peoples Temple—how much of what transpired was unique to the group and its leader and how much can be explained by reference to wider social processes?

Design History Beyond the Canon Feb 01 2020 *Design History Beyond the Canon* subverts hierarchies of taste which have dominated traditional narratives of design history. The book explores a diverse selection of objects, spaces and media, ranging

from high design to mass-produced and mass-marketed objects, as well as counter-cultural and sub-cultural material. The authors' research highlights the often marginalised role of gender and racial identity in the production and consumption of design, the politics which underpins design practice and the role of designed objects as pathways of nostalgia and cultural memory. While focused primarily on North American examples from the early 20th century onwards, this collection also features essays examining European and Soviet design history, as well as the influence of Asia and Africa on Western design practice. The book is organised in three thematic sections: Consumers, Intermediaries and Designers. The first section analyses a range of designed objects and spaces through the experiences and perspectives of users. The second section considers intermediaries from both technology and cultural industries, as well as the hidden labour within the design process itself. The final section focuses on designers from multiple design disciplines including high fashion, industrial design, interior design, graphic design and design history pedagogy. The essays in all three sections utilise different research methods and a wide range of theoretical approaches, including feminist theory, critical race theory, spatial theory, material culture studies, science and technology studies and art history. *Design History Beyond the Canon* brings together the most recent research which stretches beyond the traditional canon and looks to interdisciplinary methodologies to better understand the practice and consumption of design.

Battle Ground Jun 26 2019 **THINGS ARE ABOUT TO GET SERIOUS FOR HARRY DRESDEN, CHICAGO'S ONLY PROFESSIONAL WIZARD**, in the next entry in the #1 New York Times bestselling *Dresden Files*. Harry has faced terrible odds before. He has a long history of fighting enemies above his weight class. The Red Court of vampires. The fallen angels of the Order of the Blackened Denarius. The Outsiders. But this time it's different. A being more powerful and dangerous on an order of magnitude beyond what the world has seen in a millennium is coming. And she's bringing an army. The Last Titan has declared war on the city of Chicago, and has come to subjugate humanity, obliterating any who stand in her way. Harry's mission is simple but impossible: Save the city by killing a Titan. And the attempt will change Harry's life, Chicago, and the mortal world forever.

Wallace's Year Book of Trotting and Pacing Aug 21 2021

[Windows File Management Made Easy](#) Jun 30 2022 If you use a computer at home or at work on a regular basis then you should be familiar with the concept of files and folders and how you have both of them stored on the hard drive of your desktop or laptop, and without access to these files and folders it's hard to get your work done. Knowing how to manage these files and folders is essential if you want to become a proficient computer user and if you can't easily find them or know how to properly manipulate them, then becoming a so called computer expert will not be possible. Once you learn the basics of how the Windows file structure works and how to do things like copy files and search for files and folders on your computer, you will realize how it makes almost all of your other computer tasks easier. The goal of this book is to make you a file managing expert without confusing you in the process. You will be taken through the material step by step in an easy to follow format while being provided the information you need to be able to master the topics at hand. The chapters in the book cover the following topics: Chapter 1 - Why You Need to Know How to Manage Your Files Chapter 2 - The Windows File System Chapter 3 - Windows Default Folders Chapter 4 - Manipulating Your Files and folders Chapter 5 - Searching for Files and Folders Chapter 6 - File and Folder Permissions Chapter 7 - Other File Management Tasks About the Author James Bernstein has been working with various companies in the IT field since 2000, managing technologies such as SAN and NAS storage, VMware, backups, Windows Servers, Active Directory, DNS, DHCP, Networking, Microsoft Office, Exchange, and more. He has obtained certifications from Microsoft, VMware, CompTIA, ShoreTel, and SNIA, and continues to strive to learn new technologies to further his knowledge on a variety of subjects. He is also the founder of the website [OnlineComputerTips.com](#), which offers its readers valuable information on topics such as Windows, networking, hardware, software, and troubleshooting. Jim writes much of the content himself and adds new content on a regular basis. The site was started in 2005 and is still going strong today.

Storms of Controversy Nov 23 2021 The development of the Avro Arrow was a remarkable Canadian achievement. Its mysterious cancellation in February 1959 prompted questions that have long gone unanswered. What role did the Central Intelligence Agency play in the scrapping of the project? Who in Canada's government was involved in that decision? What, if anything, did Canada get in return? Who ordered the blowtorching of all the prototypes? And did Arrow technology find its way into the American Stealth fighter/bomber program? When *Storms of Controversy* was first published in 1992, its answers to these questions sent a shock wave across the country. Using never-before-released documents, the book exploded the myth that design flaws, cost overruns, or obsolescence had triggered the demise of the Arrow. Now, in this fully revised fourth edition, complete with two new appendices, the bestselling book brings readers up-to-date on the CF-105 Arrow, the most innovative, sophisticated aircraft the world had seen by the end of the 1950s.

Texas Civil Procedure: Pretrial Litigation May 18 2021

The Aeronaut's Windlass Sep 09 2020 Jim Butcher, the #1 New York Times bestselling author of *The Dresden Files* and the *Codex Alera* novels, conjures up a new series set in a fantastic world of noble families, steam-powered technology, and magic-wielding warriors... Since time immemorial, the Spires have sheltered humanity, towering for miles over the mist-shrouded surface of the world. Within their halls, aristocratic houses have ruled for generations, developing scientific marvels, fostering trade alliances, and building fleets of airships to keep the peace. Captain Grimm commands the merchant ship, *Predator*.

Fiercely loyal to Spire Albion, he has taken their side in the cold war with Spire Aurora, disrupting the enemy's shipping lines by attacking their cargo vessels. But when the Predator is severely damaged in combat, leaving captain and crew grounded, Grimm is offered a proposition from the Spirearch of Albion--to join a team of agents on a vital mission in exchange for fully restoring Predator to its fighting glory. And even as Grimm undertakes this dangerous task, he will learn that the conflict between the Spires is merely a premonition of things to come. Humanity's ancient enemy, silent for more than ten thousand years, has begun to stir once more. And death will follow in its wake...

Nixon's Super-Secretaries Nov 11 2020 The Watergate scandal of 1973 claimed many casualties, political and otherwise. Along with many personal reputations and careers, President Richard Nixon's bold attempt to achieve a sweeping reorganization of the domestic portion of the executive branch was also pulled into the vortex. Now, Mordecai Lee examines Nixon's reorganization, finding it notable for two reasons. First, it was sweeping in intent and scope, representing a complete overhaul in the way the president would oversee and implement his domestic agenda. Second, the president instituted the reorganization administratively—by appointment of three “super-secretaries”—without congressional approval. The latter aspect generated ire among some members of Congress, notably Sam Ervin, a previously little-known senator from North Carolina who chaired the Government Operations Committee and, soon after, the Senate's Select Committee on Presidential Campaign Activities—known to the public as “the Watergate Committee.” Asserting that Nixon's reorganization effort represents a significant event in the evolution of the managerial presidency and public administration, Nixon's Super-Secretaries presents the most comprehensive historical narrative to date concerning this reorganization attempt. The author has utilized previously untapped original and primary sources to provide unprecedented detail on the inner workings, intentions, and ultimate demise of Nixon's ambitious plan to reorganize the sprawling federal bureaucracy.

Ebony May 06 2020 EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.
