The Elephants in My Backyard Jun 18 2021 Rajiv Surendra was filming Mean Girls, playing the beloved rapping mathlete Kevin Gnapoor, when a cameraman insisted he read Yann Martel's Life of Pi. So begins his "lovely and human" (Jenny Lawson, author of Furiously Happy) tale of obsessively pursuing a dream, overcoming failure, and finding meaning in life. "This was a once-in-a-lifetime chance. I found myself standing dangerously close to the edge of a cliff. Far below me was an incredible abyss with no end in sight. I could turn back and safely return to where I had come from, or I could throw caution to the wind, lift my arms up into the air . . . and jump." —From The Elephants in My Backyard What happens when you spend ten years obsessively pursuing a dream, and then, in the blink of an eye, you learn that you have failed, that the dream will not come true? In 2003, Rajiv Surendra was filming Mean Girls, playing the beloved rapping mathlete Kevin Gnapoor, when a cameraman insisted he read Yann Martel's Life of Pi. Mesmerized by all the similarities between Pi and himself—both are five-foot-five with coffee-colored complexions, both share a South Indian culture, both lived by a zoo—when Rajiv learns that Life of Pi will be made into a major motion picture he is convinced that playing the title role is his destiny. In a great leap of faith Rajiv embarks on a quest to embody the sixteen-year-old Tamil schoolboy. He quits university and buys a one-way ticket from Toronto to South India. He visits the sacred stone temples of Pondicherry, he travels to the frigid waters off the coast of rural Maine, and explores the cobbled streets of Munich. He befriends Yann Martel, a priest, a castaway, an eccentric old woman, and a pack of Tamil schoolboys. He learns how to swim, to spin wool, to keep bees, and to look a tiger in the eye. All the while he is really learning how to dream big, to fail, to survive, to love, and to become who he truly is. Rajiv Surendra captures the uncertainty, heartache, and joy of finding ones place in the world with sly humor and refreshing honesty. The Elephants in My Backyard is not a journey of goals and victories, but a story of process and determination. It is a spellbinding and profound book for anyone who has ever failed at something and had to find a new path through life.

The Bullet Journal Method Sep 21 2021 THE NEW YORK TIMES BESTSELLER Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon. The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine' Hal Elrod, author of The Miracle Morning In his long-awaited first book, Ryder Carroll, the creator of the enormously popular Bullet Journal organisational system, explains how to use his method to: * TRACK YOUR PAST: using nothing more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. * ORDER YOUR PRESENT: find daily calm by prioritising and minimising your workload and tackling your to-do list in a more mindful and productive way. * PLAN YOUR FUTURE: establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a worldwide viral movement. The system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused despite the crush of incoming demands. But this is much more than a time management book. It's also a manifesto for what Ryder calls "intentional living": making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you new exercises to become more calm and focused, new insights on how to prioritise well, and a new awareness of the power of analogue tools in a digital world. *** This book has been printed with three different colour designs, black, Nordic blue and emerald. We are unable to accept requests for a specific cover. The different covers will be assigned to orders at random. ***
