Moralia in Job Mar 02 2020 Volume 1 of 3. Gregory the Great (pope 590-604) wrote his *Moralia in Job*, or moral homilies on Job, one of his greatest works, before his election to the See of Peter. Sent as papal envoy to Constantinople, he gathered there a community of ascetics to whom he preached these homilies. In Gregory's reflections, Job is a figure of Christ, who suffered innocently-not for his sins but for the increase of his merits and the salvation of others by love. These homilies are a summa of Christian doctrine, from Creation to final Judgment, from the height of angelic hierarchies to the innermost depths of the human soul. Confident that the Holy Spirit has not idly chosen the words of Scripture, Gregory finds a depth of allegory out of which he draws a brilliant picture of Christ, whose humanity must mark our own and whose Cross is our path to eternal rest. A beautiful meditation on suffering, on the path from fear to love, and on the healing and glorification of the individual soul which, as a member of Christ's body, comes to participate in the life of the holy Trinity. When Gregory was elected bishop of Rome just a few years later, he would continue to draw on and to develop the teaching herein, to guide the spiritual lives of his flock amidst the terror-filled final dissolution of the Western Empire. The teaching of the *Moralia* became a source for the doctors of the middle ages, including Hugh of St. Victor, St. Thomas Aquinas, St. Bonaventure, and many others. Western Christianity today owes an incalculable debt to the homilies that Gregory preached to his small circle of ascetics so many years ago. (Ex Fontibus Co.)

Start with Why Apr 26 2022 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind

it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.
