The Iron Triangle May 04 2020 To save America and the world, Conservatives must first answer this one very important question: Why do the vast majority of Christian African Americans vote for the Atheist/Anti-Christian, Liberal Democrat Party? This book answers

that question. Why is this important? The answering of this question and the implementation of the suggested remedies will greatly improve America's chances of ushering in an enlightened era of freedom and prosperity, while critically damaging its primary source of evil: The Democrat Party. This evil party could not survive without 90% of Christian African American vote. Conservatives wonder: Why would African Americans forsake their children, spouses, communities, lives, freedom and GOD for the Democrat Party? Presently, Democrats control every Black ghetto, every failing Black school, every drug corner and every prison in America. Amazingly, the majority of African Americans love them for it. Why? This book explains it. This book argues that falsely accused White Christian conservatives have nothing more for which to apologize. Despite slanderous accusations of racism and hatred, this book reassures Conservatives, and encourages them to press forward. The real oppressors are now unmasked. To control African Americans during and after the Civil Rights Movement, White Democrats organized and formed an unholy alliance with most Black preachers, Black civic organizers and Black politicians. I call this trifecta the "Iron Triangle." It has worked perfectly. This book exposes the greatest continuous betrayal in history: The betrayal of America in general, and of Black America in particular by the Democrat Party and the Iron Triangle. It utilizes lessons and anecdotes from my life experiences in the Jim Crow South, in the Black church, as a correctional officer, leading civic organizations, and involvement in politics to illustrate these facts. It traces the origins and explains the rationale behind the Black community's fatal attraction to the oldest and most prolifically evil organization in history. It further explains how liberals have used this deadly infatuation to take over the Democrat Party and America. This book explains why undermining Christianity and inciting racial discord between Black and White Christians is essential to Democrat Party survival. It explains why Democrat Party leadership believes the gospel of Jesus Christ is poisonous, racial reconciliation is catastrophic, and atheism is necessary. This book explains how their plans can be countered. It is a primer, designed to teach Conservatives how to communicate with a Democrat who has been indoctrinated with a lifetime of lies. This book teaches history, psychology, religion, philosophy and truth. So let's talk to and reason with our brothers and sisters in Christ, and our fellow countrymen. Then, let's dismantle this Iron Triangle and save America.

**Mindful America** Sep 27 2019 Thirty years ago, "mindfulness" was a Buddhist principle mostly obscure to the west. Today, it is a popular cure-all for Americans' daily problems. A massive and lucrative industry promotes mindfulness in every aspect of life, however mundane or unlikely: Americans of various faiths (or none at all) practice mindful eating, mindful sex, mindful parenting, mindfulness in the office, mindful sports, mindfulness-based stress relief and addiction recovery, and hire mindful divorce lawyers. Mindfulness is touted by members of Congress, CEOs, and Silicon Valley tech gurus, and is even being taught in public schools, hospitals, and the military. Focusing on such processes as the marketing, medicalization, and professionalization of meditation, Jeff Wilson reveals how Buddhism shed its countercultural image and was assimilated into mainstream American

culture. The rise of mindfulness in America, Wilson argues, is a perfect example of how Buddhism enters new cultures and is domesticated: in each case, the new cultures take from Buddhism what they believe will relieve their specific distresses and concerns, and in the process create new forms of Buddhism adapted to their needs. Wilson also tackles the economics of the mindfulness movement, examining commercial programs, therapeutic services, and products such as books, films, CDs, and even smartphone applications. *Mindful America* is the first in-depth study of this phenomenon--invaluable for understanding how mindfulness came to be applied to such a vast array of non-religious concerns and how it can be reconciled with traditional Buddhism in America.

*Answering the Cry for Freedom* Jul 30 2022 Uncover the lives of thirteen African-Americans who fought during the Revolutionary War. Even as American Patriots fought for independence from British rule during the Revolutionary War, oppressive conditions remained in place for the thousands of enslaved and free African Americans living in this country. But African Americans took up their own fight for freedom by joining the British and American armies; preaching, speaking out, and writing about the evils of slavery; and establishing settlements in Nova Scotia and Africa. The thirteen stories featured in this collection spotlight charismatic individuals who answered the cry for freedom, focusing on the choices they made and how they changed America both then and now. These individuals include: Boston King, Agrippa Hull, James Armistead Lafayette, Phillis Wheatley, Elizabeth "Mumbet" Freeman, Prince Hall, Mary Perth, Ona Judge, Sally Hemings, Paul Cuffe, John Kizell, Richard Allen, and Jarena Lee. Includes individual bibliographies and timelines, author note, and source notes.
