The Story Grid Aug 19 2021 WHAT IS THE STORY GRID? The Story Grid is a tool developed by editor Shawn Coyne to analyze stories and provide helpful editorial comments. It's like a CT Scan that takes a photo of the global story and tells the editor or writer what is working, what is not, and what must be done to make what works better and fix what's not. The Story Grid breaks down the component parts of stories to identify the problems. And finding the problems in a story is almost as difficult as the writing of the story itself (maybe even more difficult). The Story Grid is a tool with many applications: 1. It will tell a writer if a Story ?works? or ?doesn't work. 2. It pinpoints story problems but does not emotionally abuse the writer, revealing exactly where a Story (not the person creating the Story'the Story) has failed. 3. It will tell the writer the specific work necessary to fix that Story's problems. 4. It is a tool to re-envision and resuscitate a seemingly irredeemable pile of paper stuck in an attic drawer. 5. It is a tool that can inspire an original creation.

The Mandala Sketchbook Jul 30 2022 This book has been developed to make designing mandalas and circular patterns as simple as possible. No more marking out and measuring - and discovering too late that one or more of your measurements were wrong. With this book you will be ready to draw and doodle designs straight away for a truly relaxing drawing experience. Each page contains a radial grid template with 64 "spokes" and concentric circles to use as guidelines while drawing. All lines are an unobtrusive grey - visible enough to aid your drawing but not so much that they are obvious on your final piece. Design your own colouring book and colour your designs when completed. Or doodle mandala ideas and trace over with ink. Mandalas are well known for their meditative inducing abilities in the colouring world. Drawing them induces the same relaxing state focussing your attention on the design process and calming your mind. Great for beginner doodlers or those wanting to get back into drawing. The symmetrical nature of these radial designs helps to develop your "artists eye", your drawing & recording ability - looking and seeing to repeat the design around the circle. Makes a perfect gift for doodlers or colouring enthusiasts.
