There are 63 word searches in all. Some are conventional in which

the words go only up or down, across or diagonally; and some are unconventional. An example of an unconventional word search is on the front cover with the word "example" marked throughout. Aside from the unconventional style of connecting letters; some of the word searches come with fun quizzes or clues to answer before finding the words in the puzzle. Many also come with just a list of words to find like the more common older style. Hope you enjoy the uniqueness of some of the themes in this book.
