Shark Feb 22 2022 May 4th, 1970. A week earlier President Nixon has ordered American ground forces into Cambodia to pursue the Vietcong. By the end of the day four students will be shot dead by the National Guards in the grounds of Kent State University. On the other side of the Atlantic, it's a brilliant sunny morning after an April of heavy rain, and at the "Concept House" therapeutic community he has set up in the London suburb of Willesden, maverick psychiatrist Dr Zack Busner has been tricked into joining a decidedly ill advised LSD trip with several of its disturbed residents. Five years later, sitting in a nearby cinema watching Steven Spielberg's Jaws, Busner realizes the true nature of the events that transpired on that dread-soaked day, when a survivor of the worst disaster in the US Navy's history - the sinking of the USS Indianapolis - came face-to-face with the British Royal Air Force observer on the Enola Gay's mission to bomb Hiroshima. Set a year before the action of his Booker-shortlisted Umbrella, Will Self's new novel Shark continues its exploration of the complex relationship between human psychopathology and human technological progress; and like Umbrella, weaves together multiple narratives across several decades of the twentieth century to produce a fiendish tapestry depicting the state we're trapped in.

Love, Lies and Lizzie Jul 06 2020 What would happen if Jane Austen's PRIDE AND PREJUDICE was set in the twenty-first century? When Mrs Bennet inherits enough money to move into the kind of village she has always dreamed of, her daughters find themselves swept up in a glamorous life of partying and country pursuits. But Lizzie and her sisters soon discover that beneath the very smart surface lurks a web of intrigue and rivalries . . .

The Utilization of Classroom Peers as Behavior Change Agents Nov 21 2021 Since the early 1800's, children have been taught and encouraged to function as instructional agents for their classroom peers. However, it was not until the last decade that peer-mediated intervention was studied in a rigorous, systematic fashion. The purpose of this edited volume is to provide an up-to-date and complete account of empirical research that

addresses the general efficacy of classroom peers as behavior change agents. As a result of various social and legal developments, such as the passage of Public Law 94-142 and its accompanying demand for individualized instruction, peer-mediated interventions seem likely to proliferate. As I have noted elsewhere (Strain, this volume), close adherence to the principle of individualized programming has rendered obsolete the "adults only" model of classroom instruction. Whether the utilization of peers in the instructional process comes to be viewed by school personnel as a positive adjunct to daily classroom practices depends in large measure on our ability to carefully design, conduct, and communicate the findings of applied research. I trust that this volume will function both to accurately communicate existing findings and to stimulate further study. My colleagues who have generously contributed their time and skill to this volume have my deepest appreciation. They have performed their various tasks in a timely, professional manner and, in my opinion, have provided considerable insight into the problems and potentials of peers as instructional agents.

One Time on Earth Apr 26 2022 As the slums around him are being cleared, thousands of miles away preparations for the first moon landing are being made, and Henry Lothian is consumed by the idea that men really could walk upon another world. He feels compelled to prepare for this event so that he will remember every detail for the rest of his life. But not everyone shares Henry's enthusiasm. Some, his father especially, think that mounting expeditions to the moon is a waste of money. Others believe that Americans are going there for the wrong reasons and that Apollo will be squandered. When his friends move away and tragedy strikes his family, Henry is drawn towards an unlikely ally. But when conflict between himself and his father reaches breaking point, Henry's plans for the moon landing are turned upside down. To what lengths will he go to ensure that he absorbs the event he is convinced will change the world forever?

Ink Jun 16 2021 *Ink* is in their blood. On the heels of a family tragedy, Katie Greene must move halfway across the world. Stuck with her aunt in Shizuoka, Japan, Katie feels lost. Alone. She doesn't know the language, she can barely hold a pair of chopsticks and she can't seem to get the hang of taking her shoes off whenever she enters a building. When Katie meets aloof but gorgeous Tomohiro, the star of the school's kendo team, she is intrigued by him...and a little scared. His tough attitude seems meant to keep her at a distance, and when they're near each other, strange things happen. Pens explode. Ink drips from nowhere. And unless Katie is seeing things, drawings come to life. Somehow Tomo is connected to the kami, powerful ancient beings who once ruled Japan—and as feelings develop between Katie and Tomo, things begin to spiral out of control. The wrong people are starting to ask questions, and if they discover the truth, no one will be safe.

Flame Tree Road Feb 10 2021 1870s India. In a tiny village where society is ruled by a caste system and women are defined solely by marriage, young Biren Roy dreams of forging a new destiny. When his mother suffers the fate of widowhood--shunned by her loved ones and forced to live in solitary penance--Biren devotes his life to effecting change. Just when his vision for the future begins to look hopeless, he meets Maya, the independent-minded daughter of a local educator, and his soul is reignited.

Octopussy Jan 24 2022 17-syllabet Japanese poems about human foibles, sans season (i.e., not haiku), were introduced a half-century ago by RH Blyth in two books, "Edo Satirical Verse Anthologies" and "Japanese Life and Character in Senryu." Blyth regretted having to introduce not the best senryu, but only the best that were clean enough to pass the censors. In this anthology, compiled, translated and essayed by Robin D. Gill, like Blyth, a renowned translator of thousands of haiku, we find 1,300 of the senryu (and zappai) that would once have been dangerous to publish. The book is not just an anthology of dirty poems such as Legman's classic "Limericks" or Burford's delightful "Bawdy Verse," but probing essays of thirty themes representative of the eros - both real and imaginary - of Edo, at the time, the world's largest city. Japanese themselves use senryu for historical documentation of social attitudes and cultural practices; thousands of senryu (and the related zappai), including many poems we might consider obscene, serve as examples in the Japanese equivalent of the OED (nipponkokugodaijiten). The specialized argot, obscure allusions and ellipsis that make reading dirty senryu a delightful riddle for one who knows just enough to be challenged yet not defeated, make them impenetrable to outsiders, so this educational yet

entertaining resource has not been accessible to most students of Japanese (and the limited translations prove that even professors have difficulty with it). This book tries to accomplish the impossible: it includes all the information - original poems, pronunciation, explanation, glossary - needed to help specialists improve their senryu reading skills, while refraining from full citations to leave plenty of room for the curious monolingual to skip about the eclectic goodies. [Published simultaneously with two titles as an experiment.]

Indigo Warriors Dec 11 2020 Join the Indigo Warriors as they embark on an action-packed adventure, working together to save the environment, help the homeless, care for animals, and change society's attitudes towards the disabled, using both direct action and politics to achieve their goals. The six children aim to promote kindness and compassion over cruelty and greed, assisted by a hapless guardian angel. When they meet on a school bus, Polly, Angela, Peter, Noah, Josh and Jet decide to join forces and set out to help planet Earth and its inhabitants: human and non-human. Calling themselves the Indigo Warriors, they have meetings, argue a lot, often come to wrong conclusions, and find themselves in danger at the hands of a criminal gang. Struggling to decide whose cause matters most, they distill their ideas into a 'Manifesto for a Better Life' but can they get their manifesto to the people who matter ... the politicians?

Fade to Blue Jun 04 2020 Sophie Blue started wearing a black skirt and Midnight Noir lipstick on her last birthday. It was also the day her father disappeared. Or spontaneously combusted. Which is sort of bad timing, since a Popsicle truck with tinted windows has started circling the house. Kenny Fade is a basketball god. His sneakers cost more than his Jeep. He's the guy all the ladies (and their mommas) want. Bad. Sophie Blue and Kenny Fade don't have a thing in common. Aside from being reasonably sure they're losing their minds. Acclaimed author Sean Beaudoin's wildly innovative novel combines uproarious humor with enough plot twists to fill a tube sock. Part thriller, part darkly comic philosophical discussion, and accompanied by a comic book interstitial, *Fade to Blue* is a whip-smart romp that keeps readers guessing until the last paragraph.

[The Unlikely Genius Of Dr. Cuthbert Kambazuma](#) Sep 07 2020 Teddington is a man on the make and, after inadvertently delivering a busload of opposition politicians to Harare's chief psychiatric facility, he is rewarded with a farm by top war veteran Hitler Jesus. Not far away at The William Westward Children's Home, the director and his ginger-haired sidekick struggle to feed and clothe the multitude of orphans until they chance upon, of all things, a moth exporting business. When Teddington's farm can no longer support his spiralling ambitions, he turns his attentions to the well-run and now prosperous orphanage. Enter bogus goblin-catcher and con-man extraordinaire Cuthbert Kambazuma. Does he have the power to keep Teddington and the Green Bombers at bay, or will the orphanage fall into their rapacious hands? Chris Wadman has written a novel of startling originality. In the best tradition of political satire, he combines humour and tragedy, and introduces a cast of characters that run riot across the near lunacy of the Zimbabwean landscape.

Ashes of Candesce Apr 02 2020 A world of endless sky, with no land, no gravity: this is Virga. Beginning in the seminal science fiction novel Sun of Suns, the saga of this striking world has introduced us to the people of stubborn pride and resilience who have made Virga their home; but also, always lurking beyond the walls of the world, to the mysterious threat known only as Artificial Nature. In The Sunless Countries, history tutor Leal Hieronyma Maspeth became the first human in centuries to learn the true nature of this threat. Her reward was exile, but now, in Ashes of Candesce, Artificial Nature makes its final bid to destroy Virga, and it is up to Leal to unite the quarrelling clans of her world to fight the threat. Ashes of Candesce brings together all the heroes of the Virga series, and draws the diverse threads of the previous storylines together into one climactic conflict. Blending steampunk styling with a far-future setting and meditations on the posthuman condition, Ashes of Candesce mixes high adventure and cutting-edge ideas in a fitting climax to one of science fiction's most innovative series. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Contemporary Scenography Jul 18 2021 Contemporary Scenography investigates scenographic concepts, practices and aesthetics in Germany from 1989 to the present. Facing the end of the political divide, the advent of the digital age and the challenges of globalization, German-based designers and scenographers have reacted in a variety of ways to these shifts in the cultural landscape. The edited volume, a compilation of 12 original chapters written in collaboration with acclaimed scenographers, stage designers and distinguished scholars, offers fresh insights and in-depth analyses of current artistic concepts, discourse and innovation in this multifaceted, dynamic field. The book covers a broad spectrum of scenography, including theatre works by Katrin Brack, Bert Neumann, Aleksandar Denic, Klaus Grünberg, Vinge/Müller and Rimini Protokoll, in addition to scenography in museums, exhibitions, social spaces and in various urban contexts. Presenting a range of perspectives, the volume explores the interdisciplinarity of contemporary scenography and its ongoing diversification, raising questions relating to cultural heritage, genre and media specificity, knowledge transfer, local versus global practices, internationalization and cultural exchange. Combined with a set of stimulating examples of scenographic design in action - presented through interviews, artists' statements and case studies - the contributors develop a theoretical framework for understanding scenography as an art practice and discourse.

Paper Son: The Inspiring Story of Tyrus Wong, Immigrant and Artist Sep 19 2021 Winner of the American Library Association's 2021 Asian/Pacific American Award for Best Picture Book! An inspiring picture-book biography of animator Tyrus Wong, the Chinese American immigrant responsible for bringing Disney's Bambi to life. Before he became an artist named Tyrus Wong, he was a boy named Wong Geng Yeo. He traveled across a vast ocean from China to America with only a suitcase and a few papers. Not papers for drawing--which he loved to do--but immigration papers to start a new life. Once in America, Tyrus seized every opportunity to make art, eventually enrolling at an art institute in Los Angeles. Working as a janitor at night, his mop twirled like a paintbrush in his hands. Eventually, he was given the opportunity of a lifetime--and using sparse brushstrokes and soft watercolors, Tyrus created

the iconic backgrounds of Bambi. Julie Leung and Chris Sasaki perfectly capture the beautiful life and work of a painter who came to this country with dreams and talent--and who changed the world of animation forever.

Breath Taking Dec 23 2021 From an expert in pulmonary medicine, the story of our extraordinary lungs, the organ that both explains our origins and holds the keys to our future as a species We take an average of 7.5 million breaths a year and some 600 million in our lifetime, and what goes on in our body each time oxygen is taken in and carbon dioxide expelled is nothing short of miraculous. "Our lungs are the lynchpin between our bodies and the outside world," writes Dr. Michael Stephen. And yet, we take our lungs for granted until we're incapacitated and suddenly confronted with their vital importance. In *Breath Taking*, pulmonologist Michael Stephen takes us on a journey to shed original and much-needed light on our neglected and extraordinary lungs, at a most critical societal moment. He relates the history of oxygen on Earth and the evolutionary origins of breathing, and explores the healing power of breath and its spiritual potential. He explains in lay terms the links our lungs have with our immune system and with society at large. And he offers illuminating chronicles of pulmonary research and discovery—from Galen in the ancient world to pioneers of lung transplant—and poignant human stories of resilience and recovery—from the frantic attempts to engage his own son's lungs at birth to patients he treats for cystic fibrosis today. Despite great advances in science, our lungs are ever more threatened. Asthma is more prevalent than ever; rising stress levels make our lungs vulnerable to disease; and COVID-19 has revealed that vulnerability in historic ways. In this time, *Breath Taking* offers inspiration and hope to millions whose lungs are affected and vital perspective to us all.

Spirit Sickness Mar 26 2022 In the tradition of Tony Hillerman and Joseph Wambaugh comes this suspense thriller reuniting Bureau of Indian Affairs Criminal Investigator Emmett Quannah Parker and FBI Special Agent Anna Turnipseed, two Native American cops torn between their heritage and the law. A fire-gutted police cruiser found in a remote part of the Navajo reservation bears witness to a horrific crime: inside are the bodies of a tribal patrolman and his wife. As BIA Investigator Emmett Parker and FBI Special Agent Anna Turnipseed know, a cop's murder is never simple, raising countless questions and suspicions. When another murder is discovered, the case explodes into an otherworldly realm. Both Parker, a Comanche, and Turnipseed, a Modoc, are well acquainted with the eerie shadowland between native myth and modern homicide investigation. Now they will have to touch minds with a murderer who has woven personal madness with Navajo myth to create his own reality -- and with it the need to kill and kill again.

The Mysterious Plus May 28 2022 The Mysterious Plus opens with a situation recently in the news: the murder of an American embassy official in a North African country. The aim of the novel, however, is broader than an individual act of violence. Its murder becomes a symbol of the fanatic-inflamed divisions between Muslim Middle East and Judeo-Christian West, which are fraying the ties that bond humanity. The hero of The Mysterious Plus straddles both worlds. To save his sister, Omar Naaman, nineteen, betrayed comrades and country during Algeria's fight for independence from colonial rule. At the war's end, the defeated French, grateful for his double-dealing service, whisked him to France, bestowing a new identity, Remy Montpellier. Years later, Remy is coerced by the French DGSE (their intelligence service) to return incognito to Algeria, where as Omar he is still branded as a traitor, in fact, as the last of the "Seven Devils," the first six "great collaborators" having been tracked down and killed by Algerian agents. Sent to investigate the gay-bashing murder of an American embassy attaché, who (DGSE suspected) was trafficking classified documents, Remy gradually moves from pursuer to pursued. Will he fulfill the true purpose of his returning to Algiers, or will his treasonous past overtake him? How does the "Mysterious Plus" control the answers to these two questions and hence the resolution to the novel? In his previous book, *The Saint of Sodomy* (GLB, 1999), William Tarvin, who lived in the Middle East for two decades, satirized Muslim sexual hypocrisies. Though the same barbed wit infuses *The Mysterious Plus*, it is counterpoised by a darker strain, that materialistic/spiritual differences between West and Middle East threaten to sever the cords bonding humanity. Addendum: Since the novel incorporates ideas from around one thousand philosophical, religious, literary, social, psychological, historical, and political works, Tarvin has provided some commentary and definitions in end-of-chapter footnotes.
