Susan Basalla and Maggie Debelius—Ph.D.'s themselves—answer all those questions with a resounding "Yes!" A witty, accessible guide full of concrete advice for anyone contemplating the jump from scholarship to the outside world, "So What Are You Going to Do with That?" covers topics ranging from career counseling to interview etiquette to translating skills learned in the academy into terms an employer can understand and appreciate. Wagner, former associate director for graduate career services, University of Chicago

they finally break. “Kelly Rimmer skillfully takes us deep inside a world where love must make choices that logic cannot. Kelly Rimmer writes with wisdom and compassion about the relationships between sisters, mother and daughter.... She captures the anguish of addiction, the agonizing conflict between an addict’s best and worst selves. Above all, this is a novel about the deepest love possible.” —Luanne Rice, *New York Times* bestselling author

The 2:00 a.m. call is the first time Lexie Vidler has heard her sister’s voice in years. Annie is a drug addict, a thief, a liar—and in trouble, again. Lexie has always bailed Annie out, given her money, a place to sleep, sent her to every kind of rehab. But this time, she’s not just strung out—she’s pregnant and in premature labor. If she goes to the hospital, she’ll lose custody of her baby—maybe even go to prison. But the alternative is unthinkable. As the weeks unfold, Lexie finds herself caring for her fragile newborn niece while her carefully ordered life is collapsing around her. She’s in danger of losing her job, and her fiancé only has so much patience for Annie’s drama. In court-ordered rehab, Annie attempts to halt her downward spiral by confronting long-buried secrets from the sisters’ childhoods, ghosts that Lexie doesn’t want to face. How Are You Going to Pay for That? Jul 20 2021 A compelling alternative view of the relationship between our politics and our economy. Throughout America, structural problems are getting worse. Economic inequality is near Gilded Age heights, the healthcare system is a mess, and the climate crisis continues to grow. Yet most ambitious policy proposals that might fix these calamities are dismissed as wastefully expensive by default. From the kitchen table to Congress, debates are punctuated with a familiar refrain: “How are you going to pay for that?” This question is designed to shut down policy pushes up front, minimizing any interference with the free market. It comes from neoliberalism, an economic ideology that has overtaken both parties. Proponents insist that markets are naturally-occurring and apolitical—and that too much manipulation of the economy will make our society fall apart. Ryan Cooper argues that our society already is falling apart, and the logically preposterous views of neoliberalism are to blame. Most progressives understand this instinctively, but many lack the background knowledge to make effective economic counterarguments. *How Are You Going To Pay For That?* is filled with engaging discussions and detailed strategies that policymakers and citizens alike can use to assail even the most entrenched lines of neoliberal logic, and start to undo these long-held misconceptions. Equal parts economic theory, history, and political polemic, this is an essential roadmap for winning the key battles to come.

***Four Thousand Weeks* Dec 01 2019 AN INSTANT NEW YORK TIMES BESTSELLER** “Provocative and appealing . . . well worth your extremely limited time.” —Barbara Spindel, *The Wall Street Journal*

The average human lifespan is absurdly, insultingly brief. Assuming you live to be eighty, you have just over four thousand weeks. Nobody needs telling there isn’t enough time. We’re obsessed with our lengthening to-do lists, our overfilled inboxes, work-life balance, and the ceaseless battle against distraction; and we’re deluged with advice on becoming more productive and efficient, and “life hacks” to optimize our days. But such techniques often end up making things worse. The sense of anxious hurry grows more intense, and still the most meaningful parts of life seem to lie just beyond the horizon. Still, we rarely make the connection between our daily struggles with time and the ultimate time management problem: the challenge of how best to use our four thousand weeks. Drawing on the insights of both ancient and contemporary philosophers, psychologists, and spiritual teachers, Oliver Burkeman delivers an entertaining, humorous, practical, and ultimately profound guide to time and time management. Rejecting the futile modern fixation on “getting everything done,” *Four Thousand Weeks* introduces readers to tools for constructing a meaningful life by embracing finitude, showing how many of the unhelpful ways we’ve come to think about time aren’t inescapable, unchanging truths, but choices we’ve made as individuals and as a society—and that we could do things differently.

The Friend Jul 28 2019 WINNER OF THE 2018 NATIONAL BOOK AWARD FOR FICTION SHORTLISTED FOR THE INTERNATIONAL DUBLIN LITERARY AWARD NEW YORK TIMES BESTSELLER "A beautiful book ... a world of insight into death, grief, art, and love." —Wall Street Journal "A penetrating, moving meditation on loss, comfort, memory...Nunez has a wry, withering wit." —NPR "Dry, allusive and charming...the comedy here writes itself." The New York Times A moving story of love, friendship, grief, healing, and the magical bond between a woman and her dog. When a woman unexpectedly loses her lifelong best friend and mentor, she finds herself burdened with the unwanted dog he has left behind. Her own battle against grief is intensified by the mute suffering of the dog, a huge Great Dane traumatized by the inexplicable disappearance of its master, and by the threat of eviction: dogs are prohibited in her apartment building. While others worry that grief has made her a victim of magical thinking, the woman refuses to be separated from the dog except for brief periods of time. Isolated from the rest of the world, increasingly obsessed with the dog's care, determined to read its mind and fathom its heart, she comes dangerously close to unraveling. But while troubles abound, rich and surprising rewards lie in store for both of them. Elegiac and searching, *The Friend* is both a meditation on loss and a celebration of human-canine devotion.

Before You Go Feb 12 2021 "Hats off to that brave soul daring to write what might be called speculative literary fiction, and willing to venture answers to questions beyond even those of life & death. Tommy Butler's debut novel *Before You Go* has a big beating heart and a mind all its own." — Joshua Ferris, author of *The Dinner Party* and *Then We Came to the End* A big, rich, life-affirming debut that explores the most perplexing questions of existence: purpose, the pain of loneliness, the desire for happiness, and the price we pay as we search for fulfillment. In the *Before*, humankind is created with a hole in its heart, the designers not realizing their mistake—if it was a mistake—until too late. Elliot Chance is just a boy, and knows nothing of this. All he knows is that he doesn't feel at home in this world, and his desire for escape becomes more urgent as he grows into adulthood, where the turbulence of life seems to offer no cure for the emptiness. Desperate and lost, he stumbles upon a support group on the edge of Manhattan. There he meets two other drifting souls—Sasha, a young woman who leaves coded messages in the copy she writes for advertising campaigns, and Bannor, whose detailed depictions of the future make Elliot think he may have actually been there. With these two unlikely allies, Elliot launches into the business of life, determined to be happy in spite of himself. Yet the hole in the heart is not so easily filled. Profound yet playful, *Before You Go* is a beautiful, imaginative journey into the ache and wonder of being human, and the quest for a meaningful life.

Where Did You Go? Apr 16 2021 "Where Did You Go? offers deep comfort to anyone who has lost a loved one and hopes to explore what frontier science is now demonstrating: while a heart may stop beating, consciousness never dies." —Lynne McTaggart, bestselling author of *The Field From Christina Rasmussen*, the much beloved and acclaimed author of *Second Firsts*, comes a groundbreaking exploration of the afterlife that combines spirituality with cutting edge science—and reveals we all have the power to connect with our loved ones on the other side. "Where did you go?" This was the first question Christina Rasmussen asked after the death of her husband. A young widow with two daughters, Rasmussen would go on to become an esteemed grief educator who helped countless others rebuild their lives after loss. Yet, even as she learned to thrive again, that first heartbreaking question persisted. Even as she and her clients forged new paths and discovered new joy, the same questions remained: Are we capable of connecting to those who have passed on? What really happens after we die? As a professional grounded in science, Christina was a skeptic who shied away from the conventional mystical, supernatural, and religious descriptions of the afterlife—so she turned to what seemed "provable" to unravel the mystery of life beyond life: physics. What she found was beyond anything she could have expected: not only is there life after death, but we all have the ability to connect with loved ones who have passed on. Sharing an inspiring message of hope, optimism, and love, *Where Did You Go?* is a transporting step-by-step guide to journeying to the other side, from one of our most trusted voices on life after loss. Bridging the gap between the metaphysical and the measurable, it will change the way we grieve, the way we live and how we define our potential—in this life and the hereafter.

Go Back to Where You Came From: And Other Helpful Recommendations on How to Become American Jul 08 2020 "Go back to where you came from, you terrorist!" This is just one of the many warm, lovely, and helpful tips that Wajahat Ali and other children of immigrants receive on a daily basis. Go back where, exactly? Fremont, California, where he grew up, but is now an unaffordable place to live? Or Pakistan, the country his parents left behind a half-century ago? Growing up living the suburban American dream, young Wajahat devoured comic books (devoid of brown superheroes) and fielded well-intentioned advice from uncles and aunts. ("Become a doctor!") He had turmeric stains under his fingernails, was accident-prone, suffered from OCD, and wore Husky pants, but he was as American as his neighbors, with roots all over the world. Then, while Ali was studying at University of California, Berkeley, 9/11 happened. Muslims replaced communists as America's enemy #1, and he became an accidental spokesman and ambassador of all ordinary, unthreatening things Muslim-y. Now a middle-aged dad, Ali has become one of the foremost and funniest public intellectuals in America. In *Go Back to Where You Came From*, he tackles the dangers of Islamophobia, white supremacy, and chocolate hummus, peppering personal stories with astute insights into national security, immigration, and pop culture. In this refreshingly bold, hopeful, and uproarious memoir, Ali offers indispensable lessons for cultivating a more compassionate, inclusive, and delicious America.

Everyone Knows You Go Home May 06 2020 From the acclaimed author of *Chasing the Sun* comes a new novel about immigration and the depths to which one Mexican American family will go for forgiveness and redemption. The first time Isabel meets her father-in-law, Omar, he's already dead--an apparition appearing uninvited on her wedding day. Her husband, Martin, still unforgiving for having been abandoned by his father years ago, confesses that he never knew the old man had died. So Omar asks Isabel for the impossible: persuade Omar's family--especially his wife, Elda--to let him redeem himself. Isabel and Martin settle into married life in a Texas border town, and Omar returns each year on the celebratory Day of the Dead. Every year Isabel listens, but to the aggrieved Martin and Elda, Omar's spirit remains invisible. Through his visits, Isabel gains insight into not just the truth about his disappearance and her husband's childhood but also the ways grief can eat away at love. When Martin's teenage nephew crosses the Mexican border and takes refuge in Isabel and Martin's home, questions about past and future homes, borders, and belonging arise that may finally lead to forgiveness--and alter all their lives forever.

How Are You Going to Save Yourself Aug 01 2022 Four young men struggle to liberate themselves from the burden of being black and male in America in an assured debut "as up-to-the-minute as a Kendrick Lamar track and as ruefully steeped in eternal truths as a Gogol tale" (Kirkus, starred review). Bound together by shared experience but pulled apart by their changing fortunes, four young friends coming of age in the postindustrial enclave of Pawtucket, Rhode Island, struggle to liberate themselves from the legacies left to them as black men in America. With potent immediacy and bracing candor, this provocative debut follows a decade in the lives of Dub, Rolls, Rye, and Gio as they each grapple with the complexity of their family histories, the newfound power of sex and drugs, and the ferocity of their desires. Gio proves himself an unforgettable narrator, beautifully flawed and unstintingly honest, as he recounts both the friends' conflicts and their triumphs. Whether it's a fraught family cookout, a charged altercation on the block, a raucous night in high-society Manhattan gone wrong, or the troubled efforts of a drug hustler to go clean, JM Holmes brings the thump and the heat of his scenes to life with the kind of ease that makes us not just eavesdroppers but participants. *How Are You Going to Save Yourself* illuminates in breathtaking detail an entire world-one that has been underrepresented in American fiction. At times funny, often uncomfortable, occasionally disturbing, these stories fearlessly engage with issues of race, sex, drugs, class, and family. Holmes's blistering and timely new voice, richly infused with the unmistakable rhythms of hip-hop that form the sound track to his characters' lives, delivers an indelible fiction that has never been more vital and necessary.

Where You Go Is Not Who You'll Be May 18 2021 Read award-winning journalist Frank Bruni's New York Times bestseller: an inspiring manifesto about everything wrong with today's frenzied college admissions process and how to make the most of your college years. Over the last few decades, Americans have turned college admissions into a terrifying and occasionally devastating process, preceded by test prep, tutors, all sorts of stratagems, all kinds of rankings, and a conviction among too many young people that their futures will be determined and their worth established by which schools say yes and which say no. In *Where You Go is Not Who You'll Be*, Frank Bruni explains why this mindset is wrong, giving students and their parents a new perspective on this brutal, deeply flawed competition and a path out of the anxiety that it provokes. Bruni, a bestselling author and a columnist for the New York Times, shows that the Ivy League has no monopoly on corner offices, governors' mansions, or the most prestigious academic and scientific grants. Through statistics, surveys, and the stories of hugely successful people, he demonstrates that many kinds of colleges serve as ideal springboards. And he illuminates how to make the most of them. What matters in the end are students' efforts in and out of the classroom, not the name on their diploma. *Where you go isn't who you'll be*. Americans need to hear that--and this indispensable manifesto says it with eloquence and respect for the real promise of higher education.

A woman describes a series of encounters she has with various people in the ordinary course of her life: an ex she runs into by chance at a public forum, an Airbnb owner unsure how to interact with her guests, a stranger who seeks help comforting his elderly mother, a friend of her youth now hospitalized with terminal cancer. In each of these people the woman finds a common need: the urge to talk about themselves and to have an audience to their experiences. The narrator orchestrates this chorus of voices for the most part as a passive listener, until one of them makes an extraordinary request, drawing her into an intense and transformative experience of her own. In *What Are You Going Through*, Nunez brings wisdom, humor, and insight to a novel about human connection and the changing nature of relationships in our times. A surprising story about empathy and the unusual ways one person can help another through hardship, her book offers a moving and provocative portrait of the way we live now.

Where Are You Going? Aug 09 2020 Whatever this place was, it separated me from my friends. The best way to describe my dilemma was to imagine standing on a ledge. There was a grizzly bear in front of me and an abyss behind. There was no denying the situation. All my buddies were behind the bear shouting incoherently, and they couldn't do anything to help. I had to decide whether to take on the bear or believe the strange voice in my head that said, 'Go ahead. Jump. It'll be all right.' So that's what I did: jump! Whether it made me unpopular or not, I would take the risk and see where I landed. Do you feel like an outsider? Does it seem like everything you do is wrong? Sometimes it's like trouble is lurking in every corner, and it's so hard to not make a mistake. In *Where Are You Going*, Larry faces his own troubles. His band of friends, the Midnight Bike Marauders, keeps disobeying the rules. Susie, the neighborhood's know-it-all tattletale, keeps making Larry lose his temper. And the rival baseball team may steal the big win of the summer. Through all of this, Larry begins to learn more about God and the Bible. Will Larry overcome his problems? Can he learn who will always be there to help him? Larry Bachman weaves the everyday trials of peer pressure, choice, and accountability into Bible-based applications that will help kids with their decision making. From the lessons he learned from his parents and grandmother, Larry is able to show kids that they are not alone in their situations; and there is no experience that God cannot handle.
